The Muhammadan Law: Being a Digest of the Law Applicable Especially to the Sunnis of India, by Shamachurn Sircar Aug 09 2020

The History of the Qur'anic Text Jan 14 2021 This volume tries to fill the gaping hole in the area of Qur'anic textual criticism, especially coming from Muslims scholars. It is an impassioned attempt to contrast the "immaculate preservation" of the Qur'an with the alterations in the transmission of the text of the Bible, both the Old and the New Testament. The author barely refrains from making the charge that Jews and Christians corrupted the Scriptures the primary theme of his work. Rather, his primary aim is to question the motives of Western scholarship which are described as "continuously undermining Islam's Holy Book." For this reason, he attempts a Muslim scholarly response to popular Western perceptions that question the Muslims' capacity to defend the integrity of the Qur'an. This polemic approach yields some interesting and at times instructive research, yet comes short of entirely reliable conclusions.

The Legacy of Jihad Apr 16 2021 This book reveals how, for well over a millennium and across three continents - Asia, Africa, and Europe - non-Muslims who were vanquished by jihad wars became forced tributaries (called dhimmi in Arabic) in lieu of being slain. Under the dhimmi religious caste system, non-Muslims were subjected to legal and financial oppression, as well as social isolation. Extensive primary and secondary source materials, many translated here for the first time into English, are presented, making clear that jihad conquests were brutal, imperialist advances, which spurred waves of Muslims to expropriate a vast expanse of lands and subdue millions of indigenous peoples. Finally, the book examines how jihad war, as a permanent and uniquely Islamic institution, ultimately regulates the relations of Muslims with non-Muslims to this day. Scholars,

Islam, Judaism, and Zoroastrianism Jul 20 2021

The earlier volume in this series dealt with two religions

of Indian origin, namely, Buddhism and Jainism. The Indian religious scene, however, is characterized by not only religions which originated in India but also by religions which entered India from outside India and made their home here. Thus religious life in India has been enlivened throughout its history by the presence of religions of foreign origin on its soil almost from the very time they came into existence. This volume covers three such religions—Zoroastrianism, Judaism, and Islam. In the case of Zoroastrianism, even its very beginnings are intertwined with India, as Zoroastrianism reformed a preexisting religion which had strong links to the Vedic heritage of India. This relationship took on a new dimension when a Zoroastrian community, fearing persecution in Persia after its Arab conquest, sought shelter in western India and ultimately went on to produce India's pioneering nationalist in the figure of Dadabhai Naoroji (1825-1917), also known as the Grand Old Man of India. Jews found refuge in south India after the destruction of the Temple by the Romans in 70 C.E. and have remained a part of the Indian religious scene since then, some even returning to Israel after it was founded in 1948. Islam arrived in Kerala as soon as it was founded and one of the earliest mosques in the history of Islam is found in India. Islam differs from the previously mentioned religions inasmuch as it went on to gain political hegemony over parts of the country for

considerable periods of time, which meant that its impact on the religious life of the subcontinent has been greater compared to the other religions. It has also meant that Islam has existed in a religiously plural environment in India for a longer period than elsewhere in the world so that not only has Islam left a mark on India, India has also left its mark on it. Indeed all the three religions covered in this volume share this dual feature, that they have profoundly influenced Indian religious life and have also in turn been profoundly influenced by their presence in India.

With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. Al Ghazali on Islamic Guidance

Dec 25 2021 In the 11th Century AD there was a great deterioration in Muslim's belief and observance of the Shariah as a result of the evil influence

of AlFarabi and IbnSina's Neoplatonic philosophy, of Shia Batinism, of false Sufis and evil religious scholars. It was at this time of laxity in beliefs and practices that Abu hamid Muhammad Al Ghazali (D 505 Hijri) flourished as a renewer (Mujaddid) of the deen and as one of the greatest intellectuals of Islamic history. Well versed in almost all major intellectual disciplines of the time, Al-Ghazali refuted the prevailing false beliefs completely and fully exposed the wrongness of existing practices. As substitutes to these, he presented a belief system following the Ashari Sunni tradition and a system of practices in the light of the Quran and the Sunnah, Fiqh, Sufism and his own thoughts and experiences. This system of practices may be called Al Ghazali's theory of Islamic guidance, an aspect of which is set forth in the Present work.
