In the Time of the Butterflies Apr 17 2021 It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo ' s dictatorship. It doesn ' t have to. Everybody knows of Las Mariposas— " The Butterflies. " In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo ' s rule. Through the art and magic of Julia Alvarez ' s imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

Speak Nothing of the Dead But Good Mar 29 2022 In a time when money is scarce and there is mounting public pressure to win the war on drugs, states are forced to explore controversial solutions. In William C. Harris Jr.'s revolutionary new book, Speak Nothing of the Dead But Good, the State of Georgia turns to a shadowy company called Executive Outcomes to create the first drug colony on U.S.

soil. Fans of Harris' previous books will see their favorite characters taken to a place where they have never gone before. Prepare for a ride filled with death and despair, faith and redemption, all on the mysterious island of Ossabaw.

Unbroken Jan 03 2020 #1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader 's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “ Extraordinarily moving . . . a powerfully drawn survival epic. ” —The Wall Street Journal “ [A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring. ” —New York “ Staggering . . . mesmerizing . . . Hillenbrand 's writing is so ferociously cinematic, the events she describes so incredible, you don 't dare take your eyes off the page. ” —People “ A meticulous, soaring and beautifully written account of an extraordinary life. ” —The Washington Post “ Ambitious and powerful . . . a startling narrative and an inspirational book. ” —The New York Times Book Review “ Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times. ” —The Dallas Morning News “ An astonishing testament to the superhuman power of tenacity. ” —Entertainment Weekly “ A tale of triumph and redemption . . . astonishingly detailed. ” —O: The Oprah Magazine “ [A] masterfully told true story . . . nothing less than a marvel. ” —Washingtonian “ [Hillenbrand tells this] story with cool elegance but at a thrilling sprinter 's pace. ” —Time “ Hillenbrand [is] one of our best writers of narrative history. You don 't have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling. ” —Rebecca Skloot, author of The Immortal Life of Henrietta Lacks

The Book of Elements Feb 02 2020 Running Heatherfield's Ye Olde Book Shop isn't the new life Cedric wanted for himself, but it may have given the perfect opportunity for revenge! With the Book of Elements and the secrets it contains, Cedric's found the power he needs to finish the Guardians once and for all, but is that what he really wants...?

The Craft of Bureaucratic Neutrality Apr 05 2020 Are political understandings of bureaucracy incompatible with Weberian features of administrative neutrality? In examining the question of whether interest groups and elected officials are able to influence how government agencies implement the law, this book identifies the political origins of bureaucratic neutrality. In bridging the traditional gap between questions of internal management (public administration) and external politics (political science), Huber argues that 'strategic neutrality' allows bureaucratic leaders to both manage their subordinates and sustain political support. By analyzing the OSH Act of 1970, Huber demonstrates the political origins and benefits of administrative neutrality, and contrasts it with apolitical and unconstrained administrative implementation. Historical analysis, interviews with field-level bureaucrats and their supervisors, and quantitative analysis provide a rich understanding of the twin difficulties agency leaders face as political actors and personnel managers.

The Book Thief Oct 04 2022 #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE ' S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can ' t resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. “ The kind of book that can be life-changing. ” —The New York Times “ Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank. ” —USA Today DON ' T MISS BRIDGE OF CLAY, MARKUS ZUSAK ' S FIRST NOVEL SINCE THE BOOK THIEF.

Standards of Ethical Conduct for Employees of the Executive Branch Nov 24 2021 Includes Part I of Executive Order 12674 (April 12, 1989) & 5 CFR Part 2635 Regulation (August 7, 1992). Covers: gifts from outside sources, gifts between employees, conflicting financial interests, impartiality in performing official duties, seeking other employment, misuse of position, & outside activities. Also includes related statutory authorities.

Algorithms in C, Part 5 Nov 05 2022 Once again, Robert Sedgwick provides a current and comprehensive introduction to important algorithms. The focus this time is on graph algorithms, which are increasingly critical for a wide range of applications, such as network connectivity, circuit design, scheduling, transaction processing, and resource allocation. In this book, Sedgwick offers the same successful blend of theory and practice with concise implementations that can be tested on real applications, which has made his work popular with programmers for many years. Algorithms in C, Third Edition, Part 5: Graph Algorithms is the second book in Sedgwick's thoroughly revised and rewritten series. The first book, Parts 1-4, addresses fundamental algorithms, data structures, sorting, and searching. A forthcoming third book will focus on strings, geometry, and a range of advanced algorithms. Each book's expanded coverage features new algorithms and implementations, enhanced descriptions and diagrams, and a wealth of new exercises for polishing skills. A focus on abstract data types makes the programs more broadly useful and relevant for the modern object-oriented programming environment. Coverage includes: A complete overview of graph properties and types Diagraphs and DAGs Minimum spanning trees Shortest paths Network flows Diagrams, sample C code, and detailed algorithm descriptions The Web site for this book (<http://www.cs.princeton.edu/rs/>) provides additional source code for programmers along with numerous support materials for educators. A landmark revision, Algorithms in C, Third Edition, Part 5 provides a complete tool set for programmers to implement, debug, and use graph algorithms across a wide range of computer applications.

2019 California Plumbing Code Sep 30 2019 The 2019 Edition of the California Plumbing Code© (CPC) contains plumbing design and construction standards. Provisions contained in the CPC provide minimum standards to safeguard life or limb, health, property and public welfare. It also protects against hazards that may arise from the use of plumbing piping and systems by regulating and controlling the design, construction, installation, quality of materials, location and operation of plumbing piping systems within the State of California.

A Guide to a Successful Business Brokerage Practice Aug 29 2019 "This How to Book shares my

knowledge of the Business Brokerage industry. My hope and desire is everyone who reads this gains numerous beneficial skills. Hopefully, my thirty plus years, of experience, will provide information which will help you make more money, fewer mistakes, and cause the brokerage industry to become better." Bob C. Ross I have attempted to give you a detailed amount of information about the business brokerage industry without a lot of "fluff." Unlike other authors of books on business brokerage, you may call or e-mail me with any questions you have about the contents stated in this book or on a business you are attempting to list, pricing a listing, reviewing an Offer to Purchase, or anything you feel you need some help on or if you simply desire a second opinion. Take advantage of my thirty years of experience in brokerage and valuations. I wrote this "How to Book" because I want to share my knowledge of this industry with people thinking of entering the industry or with current brokers who want a good reference manual. It is my hope and desire that everyone who reads this gains knowledge. Hopefully, this information will help you make more money, fewer mistakes, and make the brokerage industry better. I wish it were possible to meet with each of you personally.

Ballet Music from the Mannheim Court, Part 5 Feb 25 2022 This volume completes the collection Ballet Music from the Mannheim Court with two ballets by Christian Cannabich: Les Fêtes du sérail (probably based on Jean-Georges Noverre's Les Jalousies, ou Les Fêtes du sérail, as described in his Lettres sur la danse, 1760) and Angélique et Médor, ou Roland furieux (based on the characters in Ludovico Ariosto's Orlando furioso). The former ballet features several movements with Turkish instruments and the exotic setting of a harem. The latter features detailed annotations in the music regarding the story, which differs in some respects from the scenario for this ballet by Étienne Lauchery that was published for an earlier performance in Kassel.

Beginning C Jul 01 2022 C is the programming language of choice when speed and reliability are required. It is used for many low-level tasks, such as device drivers and operating-system programming. For example, much of Windows and Linux is based on C programming. The updated 4th edition of Beginning C builds on the strengths of its predecessors to offer an essential guide for anyone who wants to learn C or desires a 'brush-up' in this compact, fundamental language. This classic from author, lecturer and respected academic Ivor Horton is the essential guide for anyone looking to learn the C language from the ground up.

A Conceptual-analytic Study of Classical Indian Philosophy of Morals Jun 27 2019 Using reconstructive ideas available in classical Indian original works, this book makes a departure in the style of modern writings on Indian moral philosophy. It presents Indian ethics, in an objective, secular, and wherever necessary, critical manner as a systematic, down-to-earth, philosophical account of moral values, virtues, rights and obligations. It thereby refutes the claim that Indian philosophy has no ethics as well as the counter-claim that it transcends ethics. It demonstrates that moral living proves that the individual, his society and the world are really real and not only taken to be real for behavioral purposes as the Advaitins hold, the self is amoral being a non-agent, moksa is not a moral value, and the Karmic

theory, because of involving belief in rebirth, does not guarantee that the doer of an action is also the experienter of its results, contrary to what is commonly held, and Indian ethics can sustain itself even if such notions are dropped. Rajendra Prasad calls Indian ethics organismic because, along with ethical concerns, it also covers issues related to professions, politics, administration, sex, environment, etc. Therefore, in one format it is theoretical and applied, normative and metaethical, humanistic and non-humanistic, etc., of course, within the limits of the then cognitive enquiry.

Diagnosis in Chinese Medicine - E-Book Jul 09 2020 Written by world-renowned author and teacher Giovanni Maciocia, *Diagnosis in Chinese Medicine*, 2nd Edition is a comprehensive, highly illustrated, and easy-to-understand resource. With a focus on clear interpretations of "real world" signs and symptoms, this new edition addresses the practice beyond the theory and leads you through both basic and sophisticated levels of diagnostic interpretation. Since Chinese medicine diagnosis relies on a subtle appraisal of a patient's disharmony, many factors beyond traditional Western symptoms are considered, including a patient's voice, the absence of thirst, feeling hot or cold, the patient's smell, tone of voice, and glitter of eyes. This practical resource helps students and practitioners alike carefully interpret a wide range of diagnostic nuances. One-of-a-kind text gives you a clinical understanding of Traditional Chinese Medicine. Rich, unique content offers an unparalleled depth of information that is meticulously cross-referenced. Includes all the signs and symptoms that a modern patient may present in the clinic, no matter how subtle. Outlines the decision-making options in key situations to help you through the most challenging topics. Case histories with diagnoses present common conditions that professionals will often find in practice. Logically organized to help you quickly find the information you need in clinical situations. Written by a leader in the field of Chinese medicine provides you with an expert's clinical experience and understanding. NEW! Clinical and Treatments notes provide practical information on acupuncture – including herbal treatment, when appropriate – for most symptoms and signs, giving the book a clinical application in therapy. NEW! UPDATED full-color design and color photographs depict external clinical signs for more accurate clinical recognition. NEW! Learning outcomes summarize the basics that you should know after completing a chapter. NEW! Thoroughly updated content from an expert author clarifies the best practices for diagnosis in Traditional Chinese Medicine.

Painting With Light May 19 2021 "A wonderful introduction to the workings of the Hollywood system. We learn in rich and yet accessible detail about special effects, technical wizardry and gadgetry, lighting, make-up, the breakdown of crews, and filming strategies. The book is legendary and its reprint is a major event for film study."—Dana Polan, Tisch School of the Arts, New York University

Impact Evaluation in Practice, Second Edition Sep 03 2022 The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an

understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.
