Aware Sep 30 2019 New York Times bestseller · This groundbreaking new book from New York Times bestselling author Daniel J. Siegel, M.D., introduces readers to his pioneering, science-based meditation practice. *Aware* provides practical instruction for mastering the Wheel of Awareness, a life-changing tool for cultivating more focus, presence, and peace in one's day-to-day life. An in-depth look at the science that underlies meditation's effectiveness, this book teaches readers how to harness the power of the principle "Where attention goes, neural firing flows, and neural connection grows." Siegel reveals how developing a Wheel of Awareness practice to focus attention, open awareness, and cultivate kind intention can literally help you grow a healthier brain and reduce fear, anxiety, and stress in your life. Whether you have no experience with a reflective practice or are an experienced practitioner, *Aware* is a hands-on guide that will enable you to become more focused and present, as well as more energized and emotionally resilient in the face of stress and the everyday challenges life throws your way.

History and Presence Aug 10 2020 Honorable Mention, PROSE Award A Choice Outstanding Academic Title of the Year A Junto Favorite Book of the Year Beginning with metaphysical debates in the sixteenth century over the nature of Christ's presence in the host, the distinguished historian and scholar of religion Robert Orsi imagines an alternative to the future of religion that early moderns proclaimed was inevitable. "This book is classic Orsi: careful, layered, humane, and subtle... If reformed theology has led to the gods' ostensible absence in modern religion, *History and Presence* is a sort of counter-reformation literature that revels in the excesses of divine materiality: the contradictions, the redundancies, the scrambling of borders between the sacred and profane, the dead and the living, the past and the present, the original and the imitator...*History and Presence* is a thought-provoking, expertly arranged tour of precisely those abundant, excessive phenomena which scholars have historically found so difficult to think." —Sonja Anderson, *Reading Religion* "With reference to Marian apparitions, the cult of the saints and other divine-human encounters, Orsi constructs a theory of presence for the study of contemporary religion and history. Many interviews with individuals devoted to particular saints and relics are included in this fascinating study of how people process what they believe." —*Catholic Herald*

Native Presence and Sovereignty in College Jan 15 2021 What is at stake when our young people attempt to belong to a college environment that reflects a world that does not want them for who they are? In this compelling book, Navajo scholar Amanda Tachine takes a personal look at 10 Navajo teenagers, following their experiences during their last year in high school and into their first year in college. It is common to think of this life transition as a time for creating new connections to a campus community, but what if there are systemic mechanisms lurking in that community that hurt Native students' chances of earning a degree? Tachine describes these mechanisms as systemic monsters and shows how campus environments can be sites of harm for Indigenous students due to factors that she terms monsters' sense of belonging, namely assimilating, diminishing, harming the worldviews of those not rooted in White supremacy, heteropatriarchy, capitalism, racism, and Indigenous erasure. This book addresses the nature of those monsters and details the Indigenous weapons that students use to defeat them. Rooted in love, life, sacredness, and sovereignty, these weapons reawaken students' presence and power. Book Features: Introduces an Indigenous methodological approach called story rug that demonstrates how research

can be expanded to encompass all our senses. Weaves together Navajo youths' stories of struggle and hope in educational settings, making visible systemic monsters and Indigenous weaponry. Draws from Navajo knowledge systems as an analytic tool to connect history to present and future realities. Speaks to the contemporary situation of Native peoples, illuminating the challenges that Native students face in making the transition to college. Examines historical and contemporary realities of Navajo systemic monsters, such as the financial hardship monster, deficit (not enough) monster, failure monster, and (in)visibility monster. Offers insights for higher education institutions that are seeking ways to create belonging for diverse students.

Presence Apr 17 2021 MORE THAN HALF A MILLION COPIES SOLD: Learn the simple techniques you'll need to approach your biggest challenges with confidence. Have you ever left a nerve-racking challenge and immediately wished for a do over? Maybe after a job interview, a performance, or a difficult conversation? The very moments that require us to be genuine and commanding can instead cause us to feel phony and powerless. Too often we approach our lives' biggest hurdles with dread, execute them with anxiety, and leave them with regret. By accessing our personal power, we can achieve "presence," the state in which we stop worrying about the impression we're making on others and instead adjust the impression we've been making on ourselves. As Harvard professor Amy Cuddy's revolutionary book reveals, we don't need to embark on a grand spiritual quest or complete an inner transformation to harness the power of presence. Instead, we need to nudge ourselves, moment by moment, by tweaking our body

language, behavior, and mind-set in our day-to-day lives. Amy Cuddy has galvanized tens of millions of viewers around the world with her TED talk about "power poses." Now she presents the enthralling science underlying these and many other fascinating body-mind effects, and teaches us how to use simple techniques to liberate ourselves from fear in high-pressure moments, perform at our best, and connect with and empower others to do the same. Brilliantly researched, impassioned, and accessible, Presence is filled with stories of individuals who learned how to flourish during the stressful moments that once terrified them. Every reader will learn how to approach their biggest challenges with confidence instead of dread, and to leave them with satisfaction instead of regret. "Presence feels at once concrete and inspiring, simple but ambitious — above all, truly powerful." —New York Times Book Review

Experiencing God's Presence Aug 22 2021 After many years of writing in her prayer journal, missionary Sarah Young decided to be more attentive to the Savior's voice and listen for what He was saying to her. The result was Jesus Calling, a collection of personal reflections based on Jesus' own words of hope, guidance, and peace found in the Scriptures. Through these messages, countless people have been encouraged to experience a deeper relationship with the Lord as they also learn to listen for His voice in the pages of the Bible. In Experiencing God's Presence, the first study in the Jesus Calling Bible Study Series, you will be encouraged to lay down your cares and just spend time each day with your heavenly Father. As you follow the Lord's instruction to "be still, and know that I am God" (Psalm 46:10), you will encounter His peace, be filled with His strength, gain a new perspective on your situation, and experience the full life that only He can provide. Each of the Jesus Calling Bible Studies include devotional readings from Jesus Calling, selected passages of Scripture for reflection, Bible Study questions, and additional questions and activities to help you apply and live out the material. This study can be used for personal reflection and Bible study or in a small-group setting.

The Politics of Presence Dec 02 2019 One of the most hotly-contested debates in contemporary democracy revolves around issues of political presence, and whether the fair representation of disadvantaged groups requires their presence in elected assemblies. Representation as currently understood derives its legitimacy from a politics of ideas, which considers accountability in relation to declared policies and programmes, and makes it a matter of relative indifference who articulates political preferences or beliefs. But what happens to the meaning of representation and accountability when we make the gender or ethnic composition of elected assemblies an additional area of concern? In this innovative contribution to the theory of representation - which draws on debates about gender quotas in Europe, minority voting rights in the USA, and the multi-layered politics of inclusion in Canada - Anne Phillips argues that the politics of ideas is an inadequate vehicle for dealing with political exclusion. But rejecting any essentialist grounding to group identity or group interest, she also argues against any either/or choice between ideas and political presence. The politics of presence then combines with contemporary explorations of deliberative democracy to establish a different balance between accountability and autonomy. Series description Oxford Political Theory presents the best new work in contemporary political theory. It is intended to be broad in scope, including original contributions to political philosophy, and also work in applied political theory. The series contains work of outstanding quality with no restriction as to approach or subject matter. The series editors are David Miller and Alan Ryan. 'the latest, thoughtful contribution in Anne Phillip's ongoing enquiry into issues of equality, gender and democracy...an excellent contribution to democratic theory'. Political Studies

The Presence Process Jun 27 2019 Why is it so difficult to simply be present? The reason is that our deeply suppressed emotional imprints from childhood — which Eckhart Tolle calls "the pain-body" — distract from an awareness of the present moment. We're not broken and don't need to be healed but rather, our discomfort needs to be integrated. The Presence Process is a journey that guides readers into taking responsibility for our emotional integration. It is a way to consciously grow up and

become responsible for determining the quality of our personal experience. The book teaches readers how to exercise authentic personal responsibility in a practical manner and reveals the mechanics that shape the way they feel about their lives. It offers a simple, practical approach to accomplishing and maintaining personal peace in the midst of globally accelerating change, discomfort, conflict, and chaos.

Jesus Calling Sep 22 2021 Presents devotions for every day of the year, written as if spoken by Jesus directly to the reader, each accompanied with suggested Bible passages for further reading.

A Table in the Presence Jan 03 2020 "You prepare a table before me in the presence of my enemies." -Psalm 23:5 There are some places where you just don't expect to find God. For the men of the 1st Battalion, 5th Marine Regiment, downtown Baghdad was one of those places. Moving into the heart of Iraq and ever deeper into enemy territory, they found themselves face-to-face with the ruthless Iraqi Republican Guard and Fedayeen militia. But when the smoke cleared, God's touch was clearly visible. Serving as a chaplain to the U.S. Marines, Lieutenant Carey Cash had witnessed the miracles that began in the desert of northern Kuwait, and found their culmination in one of the fiercest battles of Operation Iraqi Freedom. With vivid detail and gripping emotion, Lt. Cash gives a firsthand account of this amazing story-how the men of an entire battalion found God in the presence of their enemies.

Jesus Calling May 31 2022 Now a younger audience will spend time each day with the Lord as they grow in a deep personal faith. Encouragement and hope from a Savior who is closer than you can imagine and who will never leave you. This is a message that everyone needs to hear and embrace deep within the soul. Jesus Calling is a devotional that is read daily by more than 3.8 million people. After many years of writing in her prayer journal, missionary Sarah Young decided to listen to God with pen in hand, writing down whatever she believed He was saying to her. It was awkward at first, but gradually her journaling changed from monologue to dialogue. She knew her writings were not inspired as Scripture is, but journaling helped her grow closer to God, and from that experience Jesus Calling came to be. It is Sarah's fervent prayer that our Savior may bless every reader with His presence and His peace in ever deeper measure.

Faithful Presence May 19 2021 Two-term governor of Tennessee Bill Haslam reveals how faith--too often divisive and contentious--can be a redemptive and unifying presence in the public square. As a former mayor and governor, Bill Haslam has long been at the center of politics and policy on local, state, and federal levels. And he has consistently been guided by his faith, which influenced his actions on issues ranging from capital punishment to pardons, health care to abortion, welfare to free college tuition. Yet the place of faith in public life has been hotly debated since our nation's founding, and the relationship of church and state remains contentious to this day--and for good reason. Too often, Bill Haslam argues, Christians end up shaping their faith to fit their politics rather than forming their politics to their faith. They seem to forget their calling is to be used by God in service of others rather than to use God to reach their own desires and ends. Faithful Presence calls for a different way. Drawing upon his years of public service, Haslam casts a remarkable vision for the redemptive role of faith in politics while examining some of the most complex issues of our time, including: partisanship in our divided era; the most essential character trait for a public servant; how we cannot escape "legislating morality"; the answer to perpetual outrage; and how to think about the separation of church and state. For Christians ready to be salt and light, as well as for those of a different faith or no faith at all, Faithful Presence argues that faith can be a redemptive, healing presence in the public square--as it must be, if our nation is to flourish.
