The Oxford Handbook of African American Language Aug 18 2021 The goal of The Oxford Handbook of African American Language is to provide readers with a wide range of analyses of both traditional and contemporary work on language use in African American communities in a broad collective. The Handbook offers a survey of language and its uses in African American communities from a wide range of contexts organized into seven sections: Origins and Historical Perspectives; Dialects and Variation; Structure and Description; Child Language Acquisition and Development; Education; Language in Society; and Language and Identity. It is a handbook of research on African American Language (AAL) and, as such, provides a variety of scholarly perspectives that may not align with each other -- as is indicative of most scholarly research. The chapters in this book "interact" with one another as contributors frequently refer the reader to further elaboration on and references to related issues and connect their own research to related topics in other chapters within their own sections and the handbook more generally to create dialogue about AAL, thus affirming the need for collaborative thinking about the issues in AAL research. Though the Handbook does not and cannot include every area of research, it is meant to provide suggestions for future work on lesser-studied areas (e.g., variation/heterogeneity in regional, social, and ethnic communities) by highlighting a need for collaborative perspectives and innovative thinking while reasserting the need for better research and communication in areas thought to be resolved.

Garner's Modern English Usage Mar 13 2021 The authority on grammar, usage, and style.

The Missions of Jesus and the Disciples According to the Fourth Gospel Nov 20 2021 In this exegetical study of the Gospel of John, Andreas Kostenberger strives to discover and articulate a thoroughly biblical theology of mission which would have contemporary implications for how the church responds to Christ's mandate.

Research Relating to Children Aug 25 2019

Understanding and Using English Grammar May 27 2022 The Workbook consists solely of self-study exercises, with answers included, providing students the opportunity to explore and practice grammar independently. It is keyed to explanatory grammar charts in both the Student Book and the Chartbook. Understanding and Using English Grammar is a classic developmental skills text for intermediate to advanced English language learners.

Basic English Grammar Student Book B with Online Resources, 4e Jan 11 2021 This is the International edition of Basic English Grammar. It is NOT to be sold in the United States. The world's most trusted grammar source for clear, direct, and comprehensive instruction, the Azar-Hagen Grammar Series -- including Basic English Grammar -- blends grammar instruction with communicative methods. Grammar is the springboard for developing all language skills: speaking, listening, reading, and writing. Variety of exercise types including warm-up, reading, listening, comprehension, completion, interview, and writing. Comprehensive corpus-informed grammar syllabus Written vs. spoken usage in formal and informal contexts. Teacher's Guide includes step-by-step

teaching suggestions for each chart, notes on key grammar structures, and vocabulary and expansion activities. Test Bank offers additional quizzes, chapter tests, mid-term, and final exams, and Chart Book contains the grammar charts. Teachers can use the eText as a classroom presentation tool and the ExamView(R) software to customize their tests. New Essential Online Resources include Student Book audio, Student Book answer key, Grammar Coach videos, and self-assessments.

The Annotated Flatland Jul 05 2020 Flatland is a unique, delightful satire that has charmed readers for over a century. Published in 1884 by the English clergyman and headmaster Edwin A. Abbott, it is the fanciful tale of A. Square, a two-dimensional being who is whisked away by a mysterious visitor to The Land of Three Dimensions, an experience that forever alters his worldview. Like the original, Ian Stewart's commentary takes readers on a strange and wonderful journey. With clarity and wit, Stewart illuminates Abbott's numerous Victorian references and touches on such diverse topics as ancient Babylon, Karl Marx, Mary Shelley's Frankenstein, Mt. Everest, H.G. Wells, and phrenology. The Annotated Flatland makes fascinating connections between Flatland and Abbott's era, resulting in a classic to rival Abbott's own, and a book that will inspire and delight curious readers for generations to come.

The Only Grammar Book You'll Ever Need Apr 25 2022 The Only Grammar Book You'll Ever Need is the ideal resource for everyone who wants to produce writing that is clear, concise, and grammatically excellent. Introduction to the Literary Art of the Gospel of John Jun 23 2019 The Gospel of John is a magnificent book. Intricate fabrics interweave its beautiful robe and its material is a finely twisted linen of many colors. Throughout the history of the church, interpreters have long been captivated by its loveliness and power. Many modern interpreters, however, would not hesitate to call it puzzling, confusing, or ridden with riddles at least. "What is John?" is therefore a fascinating question that lingers. During the last half century, literary theories have been brought into the study of the Fourth Gospel with varying degrees of success. New analytical lenses are cast over the Gospel to render its secrets, but it feels as if only those

who are initiated into its mystery have the knowledge. Reading and rereading strategies are offered, but the path out of the vast labyrinth is difficult to find. The Gospel of John, however, surprisingly reads much like the Old Testament. In fact, its form is deeply imbued in the styles of Old Testament poetry, narratives, and prophets, that when they are properly understood together, John's message comes across clearly. Taking a comprehensive view of the styles of the Old Testament, this book takes you to see John in its grand design.

Class and the Color Line Sep 26 2019 DIVThis ms studies class and race boundaries, and interracial political coalitions, in two significant 19th century social movements--the Knights of Labor and the Populist movement./div

Halliday's Introduction to Functional Grammar Oct 20 2021 Fully updated and revised, this fourth edition of Halliday's Introduction to Functional Grammar explains the principles of systemic functional grammar, enabling the reader to understand and apply them in any context. Halliday's innovative approach of engaging with grammar through discourse has become a worldwide phenomenon in linguistics. Updates to the new edition include: Recent uses of systemic functional linguistics to provide further guidance for students, scholars and researchers More on the ecology of grammar, illustrating how each major system serves to realise a semantic system A systematic indexing and classification of examples More from corpora, thus allowing for easy access to data Halliday's Introduction to Functional Grammar, Fourth Edition, is the standard reference text for systemic functional linguistics and an ideal introduction for students and scholars interested in the relation between grammar, meaning and discourse.

Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, The Blue Book of Grammar and Punctuation offers comprehensive, straightforward instruction.

A Comprehensive Russian Grammar Sep 06 2020 The most comprehensive guide to Russian usage, fully revised and updated. A Comprehensive Russian Grammar, by Terence Wade, is the definitive resource on Russian usage, providing complete and accurate guidance for students and professionals alike. Now in its fourth edition, this authoritative text continues to be an indispensable reference for English-speaking learners of Russian. Detailed yet accessible chapters cover the essential rules of the Russian language, placing emphasis on the nuances and problems that English speakers find especially difficult.

Thoroughly revised and updated by Russian language experts David Gillespie, Svetlana Gural, and Marina Korneeva, this edition reflects changes in the grammar, the lexis, and the contemporary practice of the language in Russia's increasingly globalized, market-oriented economy. New content includes coverage of words and phrases from IT and social network terminology that have entered the Russian language, original contributions by leading Russian language scholars, and numerous modern usage examples taken from Russian websites, social media, and post-Soviet literature. The standard Russian language reference for English speakers for more than a quarter of a century, this volume: Provides a comprehensive, user-friendly approach to Russian grammar exposition Covers every essential aspect of the Russian language, including prepositions, conjunctions, numerals, and word order Features updated examples and illustrations, new insights into recent developments in Russian language usage, and more consistent transliteration of Russian names Includes a glossary of grammatical terms, word and subject indexes, and a complete bibliography Part of the successful Blackwell Reference Grammars series, A Comprehensive Russian Grammar, Fourth Edition is the ideal guide and reference text for students and teachers of Russian across the English-speaking world, as well as professionals with knowledge of Russian seeking to keep pace with recent changes in the language.

Education for Empire Aug 30 2022 "Education for Empire examines how American public schools created and placed children on multiple and uneven paths to "good citizenship." These paths offered varying kinds of subordination and degrees of exclusion

closely tied to race, national origin, and US imperial ambitions. Public school administrators, teachers, and textbook authors grappled with how to promote and share in the potential benefits of commercial and territorial expansion, and in both territories and states, how to apply colonial forms of governance to the young populations they professed to prepare for varying future citizenships. The book brings together subjects in American history usually treated separately--in particular the formation and expansion of public schools and empire building both at home and abroad. Temporally framed by the 1882 Chinese Exclusion and 1924 National Origins Acts, two pivotal immigration laws deeply entangled in and telling of US quests for empire, case studies in California, Hawaii, Georgia, New York, the Southwest, and Puerto Rico reveal that marginalized people contested, resisted, and blazed alternative paths to citizenship, in effect destabilizing the boundaries that white nationalists, including many public school officials, in the United States and other self-described "white men's countries" worked so hard to create and maintain"--Provided by publisher.

Black American English Feb 21 2022 Seminar paper from the year 1998 in the subject American Studies - Linguistics, grade: 1 (A), Ruhr-University of Bochum (English Seminar), course: Seminar: Introduction to african-american Literature, 4 entries in the bibliography, language: English, abstract: Introduction In this essay we are going to deal with Black American English and its specific features and differences to Standard English. The analysis includes an introduction to the grammar of BAE, its specific vocabulary, the African elements in BAE and the ethnographic speech behaviour connected with the use of BAE. At the beginning a short survey will be given on who actually speaks BAE. 1. Who speaks Black American English? In general, we can say that all those speak BAE (= Black American English) who consider themselves to be Black. Those are 80% of the Black American population. But also some Puerto Ricans and members of the southern plantation owning class do use this language. In former times BAE was also used by some Indian

tribes and Seminoles. The dialect patterns depend on social factors rather than racial or geographic. Many people are capable of several dialects, and also some Whites do speak those dialects. The history of the Afro-American languages correlates with a caste system. The use of BAE indicates a low level of education as well as a low social standard. It indicates that the speaker belongs to a social group that has remained unassimilated to the white culture. Rich black families tend to speak Standard English. In the use of Standard English among Blacks agegrading plays a great role. First the children adopt the language they learn in their peer groups, later on they learn Standard English in school. The agegrading towards Standard English is closely connected with status grading, i.e. children of families with a higher social level tend to the use of Standard English. The higher a Black climbs on the social ladder the more he tends to Standard English. In general, women find it e

Terror and Triumph May 15 2021 Given the unique history of African Americans and their diverse religious flowering in Black Christianity, the Nation of Islam, voodoo, and others, what is the heart and soul of African American religious life? As a leader in both Black religious studies and theology, Anthony Pinn has probed the dynamism and variety of African American religious expressions. In this work, based on the Edward Cadbury Lectures at the University of Birmingham, England, he searches out the basic structure of Black religion, tracing the Black religious spirit in its many historical manifestations. Pinn finds in the terrors of enslavement of Black bodies and subsequent oppressions the primal experience to which the Black religious impulse provides a perennial and cumulative response. Oppressions entailed the denial of personhood and creation of an object: the negro. Slave auctions, punishments, and, later, lynchings created an existential dread but also evoked a quest, a search, for complex subjectivity or authentic personhood that still fuels Black religion today. In this 20th anniversary edition of Pinn's groundbreaking work, the author offers a new reflection on the argument in retrospect and invites a panel of five contemporary scholars to examine what it means for current and future scholarship. Contributors include Keri Day, Sylvester Johnson, Anthony G. Reddie, Calvin Warren, and Carol Wayne White.

Publishers' circular and booksellers' record Oct 27 2019

Segregation in the New South Nov 28 2019 Carl V. Harris's *Segregation in the New South*, completed and edited by W. Elliot Brownlee, explores the rise of racial exclusion in late nineteenth-century Birmingham, Alabama. In the 1870s, African Americans in this crucial southern industrial city were eager to exploit the disarray of slavery's old racial lines, assert their new autonomy, and advance toward full equality. However, most southern whites worked to restore the restrictive racial lines of the antebellum South or invent new ones that would guarantee the subordination of Black residents. From Birmingham's founding in 1871, color lines divided the city, and as its people strove to erase the lines or fortify them, they shaped their futures in fateful ways. Social segregation is at the center of Harris's history. He shows that from the beginning of Reconstruction southern whites engaged in a comprehensive program of assigning social dishonor to African Americans—the same kind of dishonor that whites of the Old South had imposed on Black people while enslaving them. In the process, southern whites engaged in constructing the meaning of race in the New South.
