**The Torts Process Dec 14 2020** While updating this popular casebook for its Sixth Edition, the authors maintained the qualities that have made it so successful. Still highlighting the system by which torts are adjudicated, The Torts Process remains carefully balanced in outlook and exceptionally student-friendly in presentation. The features praised by long-time users are all retained: - the effective problems approach that challenges student understanding through the use of both theoretical and real-life situations - superior explanation of the overarching structure and organization of tort law, conveyed by a clear, balanced presentation - a lively mix of problems, cases, excerpts, notes, and questions to hold student interest - a straightforward Teacher's Manual, refined through years of use, with a sample syllabus and guidance on the most effective use of the problems Thoroughly revised to reflect developments in the law, The Torts Process, Sixth Edition, now offers: - expanded coverage of products liability, designed especially for first-year classes by James A. Henderson, who is one of the reporters for the Restatement of the law of Third Products Liability - revised Law and Behavior continuing notes to include the latest in behavioral science and law research - treatment of the American Law Institute's May 2002 Restatement of the Law Third, Torts: Apportionment of Liability - current coverage of defamation and privacy - recent U.S. Supreme Court cases, including Daubert - new problems integrated with the best from previous editions for the convenience of instructors, problems deleted from the text can now be found in the Teacher's Manual This classic casebook earned a reputation for authority, currency, and classroom effectiveness. Be sure to review The Torts Process, Sixth Edition, before you select materials for your next course.

Tort Liability Under Uncertainty Aug 29 2019 Providing a comprehensive and principled account of the uncertainty problem that arises in tort litigation, this text critically examines the existing doctrinal solutions of the problem, as evolved in England, United States, Canada & Israel.

**Studies in American Tort Law Jul 01 2022** A careful mix of law, policy, ethics, and economics, Studies in American Tort Law is designed for first-year torts courses. Recognizing that torts is a prime battleground for social policy, this book seeks to reflect not only the current rules on injury compensation, but also the policy choices underlying those rules. Within a clear, doctrinal framework, a range of views is presented, reflecting dominant themes in tort law. Students are introduced to, but not overwhelmed with, law and economics. Economic analysis is employed when particularly useful (e.g., in connection with the negligence balancing test, strict liability, and calculation of damages). The law-and-economics notes can be used as a starting point for classroom discussion, or they can be allowed to stand on their own, without need for elaboration. The fourth edition includes: \* Comprehensive citations to the Restatement, Third, of Torts \* The latest Supreme Court precedent on punitive damages and preemption \* Readable statutory excerpts reflecting new legislative developments \* Careful attention to ethical issues in the practice of law \* Scores of citations to new court decisions \* Several new principal cases. The fourth edition is completely up-to-date to 2009, including a rich selection of materials reflecting the abundance of important recent developments in tort law. A comprehensive teacher's manual updated for the fourth edition, Teaching Torts, will be available. Mastering Torts: A Student's Guide to the Law of Torts (4th ed.), a short narrative text which parallels the casebook, assists students to fully understand this area of law. A Power Point file containing roughly 200 slides corresponding to Studies in American Tort Law is available to adopting professors. To request the file, contact Vincent R. Johnson at [vjohnson@stmarytx.edu](mailto:vjohnson@stmarytx.edu).

**Prosser, Wade, and Schwartz's Torts May 07 2020** Combining excellence in scholarship and ease of use, this best-selling casebook engages readers in and encourages critical thinking about tort law with its compelling stories, crisply edited classic tort cases, and discussion of legislation and new public policy. Unbiased in its approach and organized in manageable sections of information, the casebook expands law students' understanding of tort law doctrine and rationale with helpful notes, memorable cases and statutes, and discussion of topics such as the increasing influence of legislatures on the common law of torts.

**Products Liability Law Jun 27 2019** Products Liability Law, Second Edition, by prolific tort scholar Mark Geistfeld, represents the "next generation" of casebooks on products liability. Earlier texts focused on the relative merits of strict liability and negligence, embodied in the apparently competing liability frameworks of the consumer expectations test in the Restatement (Second) of Torts and the risk-utility test in the

Restatement (Third) of Torts. The majority of courts, however, have incorporated the risk-utility test into the framework of consumer expectations. By providing balanced coverage of both consumer expectations and the risk-utility test, the casebook keeps pace with ongoing developments in the case law and moves beyond the battles that largely defined products liability in the twentieth century. In addition to teaching students how liability rules protect consumer expectations via comprehensive application of the risk-utility test, this innovative casebook underscores the importance of doctrinal history, the psychology of evaluating product risks, and the role of products liability in the modern regulatory state. Students will learn how courts have applied established doctrines to novel problems ranging from the relevance of scientific evidence in toxic-tort cases to the distribution of defective products on the Amazon online marketplace. To further illustrate this dynamic, the casebook has twenty-nine problems with associated analysis involving the liability issues likely to be raised by the emerging technology of autonomous vehicles. Finally, the casebook reinforces students' knowledge of fundamental tort principles while developing specialized expertise and a deeper understanding of the torts process. New to the Second Edition: A dozen new main cases updating older case law, providing coverage of new issues not addressed in the First Edition, and/or improving upon the analysis provided by the associated case in the First Edition Retention of the majority of main cases from the first edition, with revisions to the ensuing notes incorporating relevant case law developments A reorganized and updated chapter covering the controversy over the relative merits of the consumer expectations and risk-utility tests Comprehensive discussion of the tort version of the implied warranty—the genesis of the consumer expectations test—and its relation to product malfunctions and the risk-utility test A new chapter addressing the existence of the tort duty and identifying the difference between patent dangers and patent defects Reorganization of the chapter on factual causation, emphasizing the continuity of evidentiary problems running across different types of cases, ranging from the heeding presumption in warning cases, to market-share liability, to proof of both general and specific causation in toxic-tort cases Professors and students will benefit from: Classroom-tested materials taught for over 20 years by an award-winning professor Interesting cases that illustrate both the traditional and contemporary character of products liability litigation; cases are followed by extensive notes Each chapter addressing doctrinal issues concludes with problems on autonomous vehicles. The full set of 29 problems provides students with the necessary background for understanding liability issues posed by this emerging technology. Each problem is followed by the author's analysis of the associated issues, cross-referenced to the relevant casebook material.

**Foundations of Tort Law** Oct 04 2022 This updated edition is a valuable resource for torts professors teaching at all levels of instruction. It provides an enhanced theoretical and empirical foundation for a diverse selection of fundamental torts topics typically taught at the introductory level, such as the Hand formula, duty to rescue, market-share liability, and vicarious liability, while, at the same time, providing an in-depth exploration of cutting edge issues suitable for an advanced course or seminar, such as medical malpractice, products liability, federal preemption of state tort law, and punitive damages. Each chapter includes an introductory overview of a topic in tort law, followed by abridged readings, and then provocative notes and questions. The intent is to give the instructor interesting material with which to work, and to equip the student with foundational tools useful for the critical reading of cases and articles. The Foundations of Law Series offers a collection of comprehensive readings that provide an interdisciplinary perspective on a substantive legal field. Edited by scholars who have made important contributions, the readings are designed to provide an accessible introduction to the leading scholarship in a field. Accompanying notes and questions permit students to engage fully in the literature on their own, as well as to aid their understanding of material covered in classes. This eBook features links to Lexis Advance for further legal research options.

**Tort Law in Greece** Mar 05 2020 " Derived from the renowned multi-volume International Encyclopaedia of Laws, this book provides ready access to how the legal dimension of prevention against harm and loss allocation is treated in Greece. This traditional branch of law not only tackles questions which concern every lawyer, whatever his legal expertise, but also concerns each person's most fundamental rights on a worldwide scale. Following a general introduction that probes the distinction between tort and crime and the relationship between tort and contract, the monograph describes how the concepts of fault and unlawfulness, and of duty of care and negligence, are dealt with in both the legislature and the courts. The book then proceeds to cover specific cases of liability, such as professional liability, liability of public bodies, abuse of rights, injury to reputation and privacy, vicarious liability, liability of parents and teachers, liability for handicapped persons, product liability, environmental liability, and liability connected with road and traffic accidents. Principles of causation, grounds of justification, limitations on recovery, assessment of damages and compensation, and the role of private insurance and social security are all closely considered. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable resource for lawyers Greece. Academics and researchers will also welcome this very useful guide, and will appreciate its value not only as a contribution to comparative law but also as a stimulus to harmonization of the rules on tort. "

**North Carolina Law of Torts 3rd Edition** Mar 29 2022 The Third Edition of North Carolina Law of Torts covers every aspect of North Carolina tort law. Part I covers intentional torts and defenses; Part II is devoted to negligence and defenses; Part III discusses strict liability and defenses; and Part IV covers a variety of other torts overlapping these categories. "Scope Notes" at the start of each chapter describe the subjects covered and refer to related issues in other chapters for easy cross-referencing. A Table of Cases and Table of Statutes help save you time and focus your research, while the index eases your search for specific areas of tort law.

**Tort Law and Alternatives** Feb 02 2020 This leading casebook covers all major aspects of tort law with expertly edited cases and original text. The principal focus of this book is the law of negligence, strict liability, and no-fault legislation as alternative approaches to compensating the victims of accidental harm and creating optimal incentives for safety. The chapter on intentional torts has been restructured to facilitate its use to start off the course for those instructors desiring to do so. The book also includes comprehensive chapters on products liability, damages and insurance, defamation, privacy, economic torts, and a revamped and updated chapter on alternatives to tort law, including the "tort reforms" of the past half century. Notes and questions following principal cases are designed to supplement students' knowledge about the subject matter of the case and related areas as well as to encourage them to think critically about judicial opinions and tort policy. This Eleventh Edition reflects evolving developments in recent case law and legislative activity, as well as materials and commentary ranging from the soon-to-be completed Third Restatement project on Intentional Torts to continuing tort issues arising from the Internet to important civil justice issues of the day.

**The Law of Torts** Oct 12 2020

**Defences in Tort** Sep 10 2020 This book is the first in a series of essay collections on defences in private law. It addresses defences to liability arising in tort. The essays range from those adopting a primarily doctrinal approach to others that examine the law from a more theoretical or historical perspective. Some essays focus on individual defences, while some are concerned with the links between defences, or with how defences relate to the structure of tort law as a whole. A number of the essays also draw upon concepts and literature that have been developed mainly in relation to the criminal law, and consider their application to tort law. The essays make several original contributions to this complex, important but neglected field of academic enquiry.

**Tort Law** Oct 24 2021 Key Facts Key Cases: Tort Law will ensure you grasp the main concepts of your Tort Law module with ease. This book explains the facts and associated case law for: The torts of negligence, occupiers' liability and nuisance Strict liability torts The torts of trespass to land and trespass to the person Torts involving goods Torts affecting reputation Employment related torts Available remedies Key Facts Key Cases is the essential series for anyone studying law at LLB, postgraduate and conversion courses. The series provides the simplest and most effective way to absorb and retain all of the material essential for passing your exams. Each chapter includes: diagrams at the start of chapters to

summarise key points structured headings and numbered points to allow for clear recall of the essential points charts and tables to break down more complex information Chapters are also supported by a Key Cases section which provides the simplest and most effective way to absorb and memorise essential cases needed for exam success. Essential and leading cases are explained The style, layout and explanations are user friendly Cases are broken down into key components by use of a clear system of symbols for quick and easy visual recognition

**The Principles of the Law of Restitution** Apr 05 2020 The third edition of *The Principles of the Law of Restitution* brings this widely cited and influential volume fully up to date. It has been substantially rewritten to reflect the significant changes in the law of restitution and the expansion in the theoretical and critical commentary on the subject. Following important decisions of the Supreme Court and other courts, large-scale changes have been made to the chapters on enrichment, at the expense of the claimant, mistake, claims against public authorities, and change of position. Additionally, this edition contains a new chapter on the operation of juridical bars on restitutionary claims. References to developments in other jurisdictions have been expanded for this edition, reflecting the significance of these changes and how they assist in the interpretation of English law and provide a basis for criticising that law. Further, in the light of leading cases and the contributions of restitutionary scholars around the world, the author's views on specific controversial debates about the ambit, function, and interpretation of the subject have changed, sometimes radically. One significant aspect of the book remains unchanged: the book continues to focus on the identification and analysis of the principles which underpin the law of restitution as a whole, but with reference to its three distinct parts: unjust enrichment, restitution for wrongs, and the vindication of property rights. This approach provides the reader with a peerless guide to the law of restitution.

**Torts and Other Wrongs** Jun 07 2020 *Torts and other Wrongs* is a collection of eleven of the author's essays on the theory of the law of torts and its place in the law more generally. Two new essays accompany nine previously published pieces, a number of which are already established classics of theoretical writing on private law. Together they range across the distinction between torts and other wrongs, the moral significance of outcomes, the nature and role of corrective and distributive justice, the justification of strict liability, the nature of the reasonable person standard, and the role of public policy in tort adjudication. Though focussed on the law of torts, the wide-ranging analysis in each chapter will speak to theorists of private law more generally.

**Philosophical Foundations of the Law of Torts** Apr 17 2021 This book offers a rich insight into the law of torts and cognate fields, and will be of broad interest to those working in legal and moral philosophy. It has contributions from all over the world and represents the state-of-the art in tort theory.

**California Government Tort Liability** Sep 30 2019

**Tort Law** Jan 27 2022 *Tort Law: A Modern Perspective* is an advanced yet accessible introduction to tort law for lawyers, law students, and others. Reflecting the way tort law is taught today, it explains the cases and legal doctrines commonly found in casebooks using modern ideas about public policy, economics, and philosophy. With an emphasis on policy rationales, *Tort Law* encourages readers to think critically about the justifications for legal doctrines. Although the topic of torts is specific, the conceptual approach should pay dividends to those who are interested broadly in regulatory policy and the role of law. Incorporating three decades of advancements in tort scholarship, *Tort Law* is the textbook for modern torts classrooms.

**The Oxford History of the Laws of England Volume VI** Dec 02 2019 This volume covers the years 1483-1558, a period of immense social, political, and intellectual changes, which profoundly affected the law and its workings. It first considers constitutional developments, and addresses the question of whether there was a rule of law under king Henry VIII. In a period of supposed despotism, and enhanced parliamentary power, protection of liberty was increasing and habeas corpus was emerging. The volume considers the extent to which the law was affected by the intellectual changes of the Renaissance, and how far the English experience differed from that of the Continent. It includes a study of the myriad jurisdictions in Tudor England and their workings; and examines important procedural changes in the central courts, which represent a revolution in the way that cases were presented and decided. The legal profession, its education, its functions, and its literature are examined, and the impact of printing upon legal learning and the role of case-law in comparison with law-school doctrine are addressed. The volume then considers the law itself. Criminal law was becoming more focused during this period as a result of doctrinal exposition in the inns of court and occasional reports of trials. After major conflicts with the Church, major adjustments were made to the benefit of clergy, and the privilege of sanctuary was all but abolished. The volume examines the law of persons in detail, addressing the impact of the abolition of monastic status, the virtual disappearance of villeinage, developments in the law of corporations, and some remarkable statements about the equality of women. The history of private law during this period is dominated by real property and particularly the Statutes of Uses and Wills (designed to protect the king's feudal income against the consequences of trusts) which are given a new interpretation. Leaseholders and copyholders came to be treated as full landowners with rights assimilated to those of freeholders. The land law of the time was highly sophisticated, and becoming more so, but it was only during this period that the beginnings of a law of chattels became discernible. There were also significant changes in the law of contract and tort, not least in the development of a satisfactory remedy for recovering debts.

**The Mutts Nuts** Jan 03 2020 Welcome to the Mutts Nuts Revision notes for law students. Exam notes, cram notes or study notes - whatever you call them, they are the saviour of law students. Instead of concentrating on exams many law students spent a large proportion of their study time preparing notes and flash cards. That's where the Mutts Nuts law cram notes comes in, we take care of all of your important and precedent notes and cases, all prepared and put into modules. Also included are Multiple Choice questions AND Answers, over 250 carefully chosen and selected MCQs to help you pass your exams. **Course Notes: Tort Law** Aug 02 2022 Course Notes designed to help you succeed in your law examinations and assessments. Each guide supports revision of an undergraduate and conversion GDL/CPE law degree module by demonstrating good practice in creating and maintaining ideal notes. Course Notes will support you in actively and effectively learning the material by guiding you through the demands of compiling the information you need. \* Written by expert lecturers who understand your needs with examination requirements in mind \* Covers key cases, legislation and principles clearly and concisely so you can recall information confidently \* Contains easy to use diagrams, definition boxes and work points to help you understand difficult concepts \* Provides self test opportunities throughout for you to check your understanding \* Illustrates how to compile the ideal set of revision notes \* Covers the essential modules of study for undergraduate llb and conversion-to-law GDL/CPE courses \* Additional online revision guidance such as sample essay plans, interactive quizzes and a glossary of legal terms at [www.unlockingthelaw.co.uk](http://www.unlockingthelaw.co.uk)

**Torts** Mar 17 2021 This lean casebook is consciously designed to appeal to disenchanted users of the #1-selling Prosser casebook. Its content, organization, and cases-and-notes approach is explicitly modeled on Prosser, but the authors have capitalized on Prosser's weaknesses, focusing on providing key cases and concise, understandable notes. This book has the look and feel of Prosser, but will function much better for the many professors teaching a one-semester, four- or three-credit course. Features: Authorship--co-reporters of the Restatement (Third) of torts, and both known to be excellent teachers Conveys the core of Tort law through eminently teachable cases and informative topical notes Pedagogical notes challenge students to consider provocative questions about the cases Authors Dialogues feature informal, highly engaging discussions and debates between the authors that raise interesting and provocative points about the topic under consideration while modeling for students the skills of thinking aloud and persuasion Presents three- to five-line hypotheticals that test variations on fact patterns Fewer, more generously edited cases than Prosser New in the Third Edition: New co-author Bradley Wendel is a nationally known expert in the field of Professional Responsibility. He adds professional responsibility and legal ethic insights to the materials. Integrating this dimension to tort litigation issues will provide for exciting class discussion. A thorough integration of the newly completed Restatement (Third) of Torts: Liability for Physical and Emotional Harm to all aspects of the material where the Restatement is of special relevance. Addition of cases adopting the Restatement view that foreseeability is not to be considered in making a duty determination. Many new hypotheticals taken from decided cases that raise novel issues of law. Professor Wendel will now be a third voice in the Authors' Dialogues. All chapters fully updated with new note material and new cases when necessary.

**Landmark Cases in the Law of Tort** Feb 13 2021 Landmark Cases in the Law of Tort contains thirteen original essays on leading tort cases, ranging from the early nineteenth century to the present day. It is the third volume in a series of collected essays on landmark cases (the previous two volumes having dealt with restitution and contract). The cases examined raise a broad range of important issues across the law of tort, including such diverse areas as acts of state and public nuisance, as well as central questions relating to the tort of negligence. Several of the essays place cases in their historical context in ways that change our understanding of the case's significance. Sometimes the focus is on drawing out previously neglected aspects of cases which have been – undeservedly – assigned minor importance. Other essays explore the judicial methodologies and techniques that worked to shape leading principles of tort law. So much of tort law turns on cases, and there are so many cases, that all but the most recent decisions have a tendency to become reduced to terse propositions of law, so as to keep the subject manageable. This collection shows how important it is, despite the constant temptation to compression, not to lose sight of the contexts and nuances which qualify and illuminate so many leading authorities.

**Intention and Identity** Jul 29 2019 The essays in Intention and Identity explore themes in Finnis's work touched on only lightly, if at all, in Natural Law and Natural Rights, developing profound accounts of personal identity and existence; group identity and common good; and intention and choice as action- and self-shaping. In his many-faceted study of what it is to be a human person, and a human community, Finnis not only engages with contemporary philosophers and bioethicists such as Peter Singer, Michael Lockwood and John Harris, with thinkers from other traditions such as Karol Wojtyla (John Paul II), and with judges in the highest courts. He also offers illuminating and deeply considered readings of Shakespeare and Aquinas, and debates with Roger Scruton, Joseph Raz, Hans Kelsen, John Rawls, Glanville Williams, Richard Posner, Ronald Dworkin and others. The role of intention in the criminal law and the law of civil wrongs is searchingly explored through case-law, as are judicial attempts to understand conditional and preparatory intentions. Moral or bioethical issues discussed include in vitro fertilization, cloning, abortion, euthanasia, and 'brain death', patriotism, multi-culturalism and immigration. The papers show the power of a sometimes neglected aspect of the new classical theory of natural law. The volume includes previously unpublished papers on whether brain life is relevant to the beginning of a person's life, on its relevance to the end of one's life, and a substantial introduction in which John Finnis reflects on the changes in his thinking on personal reality and on how intention is to be analysed and understood and its moral significance appreciated.

*Canadian Tort Law* Nov 24 2021

**Tort Law: Principles in Practice** Jan 15 2021 Tort Law: Principles in Practice is an approachable and engaging casebook, with a variety of pedagogical features and tools to examine tort law doctrine and rules and their application in practice. Introductory text for each chapter, subsection, and cases frame the issues under discussion, aiding student comprehension. Key Features: Text boxes and photographs, sample pattern jury instructions, checklists, and end-of-chapter essay questions. Chapter Goals are listed at the beginning of each chapter to highlight the key areas of coverage and provide a checklist for students when reviewing material. New key cases (e.g., new cases dealing with "but-for" causation and cutting edge coverage of the seat-belt defense showing a recent trend toward acceptance of this defense). Expanded short practice problems after most cases.

**Tort Law** Jun 19 2021 This is an ideal main text for undergraduate tort law courses. The authors combine a lively, engaging writing style with a critical approach to the subject. It uses pedagogical features such as 'counterpoint' and 'pause for reflection' boxes to encourage students to think more deeply.

**Philosophical Foundations of Tort Law** Sep 22 2021 This exceptional collection of nineteen original essays on the philosophical fundamentals of tort law assembles many of the world's leading commentators on this particularly fascinating conjunction of law and philosophy. The contributions range broadly, from inquiries into how tort law derives from Aristotle, Aquinas, and Kant to the latest rights-based and economic theories of legal responsibility. One group of essays examines how intent and blameworthiness bear on responsibility for harm, while another explores how causation interconnects responsibility and harm. Some essays probe philosophically into the great divides separating the law of torts from the law of contracts and the law of crimes, a number inquire into the types of harm properly redressable in tort, and one examines the role of a victim's fault in responsibility theory. This collection surely will be of interest to lawyers around the world, particularly those interested in the philosophical groundwork of tort law. A provocative closing essay by one of the world's leading moral philosophers illuminates how tort law

enables philosophers to observe the abstract theories of their discipline put to the concrete test in the legal resolution of real-world controversies based on principles of right and wrong.

*Risks and Wrongs* Oct 31 2019 Jules Coleman discusses the conflict between the goals of justice and economic efficiency in the allocation of risk, especially risk pertaining to safety.

**Contract Law and Tort** Sep 03 2022

*Cases and Materials on Torts* Nov 12 2020 Cases and Materials on Torts, Eleventh Edition for Fall 2016 classes. The Connected Casebook is a powerful, all-in-one learning solution offering your students a print casebook; a fully functional eBook, with highlighting and note-taking capabilities; hundreds of practice questions in the Study Center; and an Outline Tool to help outline more efficiently and effectively. This top tier casebook integrates modern scholarship with historical background to provide a sense of the development of tort law. The thoughtful presentation engages students by examining different intellectual approaches used to interpret law. The 11th edition carries many successful features from earlier editions, including extensive historical materials on the evolution of tort law, an expanded treatment of public nuisance law, recent developments in products liability law, expansion of the materials on various types of injuries in damage cases, and heavier emphasis on web-based communications under the law of defamation and privacy. Key Features: Updated two-color design New Restatement boxes that highlight the law for easy reference Condensation of basic material, including a combination of the insurance contract and no fault insurance issues into a single chapter Introduction of new visual materials in each chapter, including pictures charts, cartoons, and biographical sketches of key figures in tort law, as an assist to the case and other materials

**The Torts Process** Dec 26 2021 The Torts Process, Ninth Edition uses a student-friendly, procedurally-focused approach that relies on proven problem-and-cases pedagogy to illuminate the overarching structure and organization of tort law. Its lively mix of problems, cases, notes, and questions stimulate thought and discussion, while providing a firm foundation in tort doctrine, history, and theory.

**Tort Law** Jul 09 2020 The Fourth Edition of this unique casebook has been dramatically revised. This new edition presents the important cases, statutes, empirical data, and competing tort theories in a problems-oriented format that is designed to help students acquire a sophisticated understanding of tort law through active learning. As before, the text includes a large number of problems. Now, however, the Problems, updated and considerably expanded, are organized in Sets at the end of each substantive chapter. This extensively re-written and reorganized edition includes the classic common law torts cases, but is updated throughout with teachable, cutting-edge decisions that will demand student interest and hold their attention. Particular care has been to take account of the most recent commentaries on tort law, such as the growing importance of the Restatement (Third) of Torts. Chapter One is unique among American torts casebooks in its examination of how the dominant twenty-first century tort theories influence judicial decisionmaking and scholarship. That chapter explains six key perspectives on tort law: Law and Economics; Corrective Justice; Critical Race Theory; Critical Feminism; Pragmatism; and Social Justice Chapter One references the famous McDonald's hot coffee litigation as a case study to illustrate these perspectives in action. Subsequent chapters continue to work through that case study and continually reference the perspectives to explain or challenge the decided cases. The authors seek to provide students with innovative cases and problems, empowering them with practical skills. By exposing students to the most important contemporary tort law theories, the Fourth Edition of this casebook encourages students to go beyond passively memorizing case holdings and the voyeuristic experience of reading appellate opinions and truly gain perspectives on tort law. This book also is available in a three-hole punched, alternative loose-leaf version printed on 8.5 x 11 inch paper with wider margins and with the same pagination as the hardbound book.

**Casebook on Tort Law** Jul 21 2021 A companion for undergraduate tort law students, providing a comprehensive portable library of leading tort cases. Horsey & Rackley bring together a range of carefully edited extracts, combined with insightful commentary and annotated cases to help students identify and analyse the key elements of a case.

**Tort Law** Feb 25 2022 Tort Law: Responsibility and Redress is an accessible, sophisticated casebook that provides students with a comprehensive understanding of the historical and contemporary development of the law. Drawing upon classic and current case law, followed by illuminating notes, it clarifies key tort concepts such as duty, breach, proximate cause and intent in a way that students find clear and relevant. The excellent Teacher's Manual provides pedagogical support and includes detailed accounts of all main cases and the issues they raise. The Third Edition has been updated to expand treatment of the Third Torts Restatement and emerging case law pertaining to emotional distress, products liability, comparative tort law and the Alien Tort Statute. A set of PowerPoint slides on core cases and topics has been added to provide additional support to instructors. Hallmark features: Incredibly versatile, this text has been successfully adopted at a wide range of schools and can be taught from any intellectual or political perspective. Presenting tort law as a complex but coherent whole, giving students a clear sense of what tort law is and what it does. Grounded and pluralistic treatment recognizes the richness and diversity of the legal rules and concepts that make tort law what it is. Comprehensive case mix presents current and classic cases, exposing students to diverse decisions from jurisdictions around the country, from lower courts to state high courts. Progresses from negligence to intentional torts to products liability while permitting the professor to focus on an array of contemporary issues. Extraordinarily clear introductory text and notes after cases are routinely cited by students as highly accessible, illuminating and relevant. Exceptional support through a Teacher's Manual that gives detailed accounts of all the main cases and the issues they raise. Thoroughly updated, the revised Third Edition includes: Expanded treatment of the Third Torts Restatement, and emerging case law pertaining to emotional distress, products liability, preemption, comparative tort law and the Alien Tort Statute. Streamlined coverage of subjects including causation and products liability permits quick presentation or in-depth exploration. Reorganized Intentional Torts Chapter. New PowerPoint slides on core cases and topics.

**Basic Tort Law** Apr 29 2022 Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes—portability, meaningful feedback, and greater efficiency. Offering comprehensive coverage that is suitable for one or two semester torts courses, Basic Tort Law: Cases, Statutes, and Problems, Fifth Edition's flexible organization accommodates courses that begin either with coverage of intentional torts in Chapter 2 or negligence, beginning with Chapter 3. Chapters 9-17 allow teachers to select additional topics that fit best with their curriculum and interests. Key Features: Cases edited to moderate length, so professors can help students analyze judicial reasoning and treatment of policy implications. Practice-oriented problems in each chapter. A new section on the intentional tort of false imprisonment, covering the concepts of confinement, consent, intentionality, and the shopkeeper's privilege. A new case addressing whether strict liability for abnormally dangerous activities applies to fracking, which, juxtaposed with another featured case, illustrates the differing ways courts have approached the Restatement factors. A new case discussing joint and several liability, offering a straightforward introduction that enhances or may be substituted for a more detailed treatment of this complicated area. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. editable format to accelerate your outline creation and increase study time later in the semester.

**Tort Law** May 31 2022 Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes— portability, meaningful feedback, and greater efficiency. Tort Law: Responsibilities and Redress presents tort law as a complex but coherent subject. The authors have arranged the materials to be both highly sophisticated and extremely user friendly. This book has been adopted at schools across the country and always receives high praise from faculty and students for its relevant, contemporary cases, extensive and informative notes, and its 500+ page, cradle-to-grave Teacher's Manual. The Fifth Edition of Tort Law: Responsibilities and Redress has been updated to reflect the very latest developments in tort law, including discussions of new developments in civil rights law (pertaining especially to excessive force claims against police), as well as public nuisance, toxic torts, and new draft provisions of the Third Restatement of Torts: Intentional Torts to Persons. The book also contains "Check Your Understanding," "Big Think," and "Did You Know?" text boxes designed to enable students to engage in self-assessment, along with a user-friendly page layout. A comprehensive set of high-quality PowerPoint slides covering all principal cases is also available to adopters. New to the Fifth Edition: Additional "Check Your Understanding," "Big Think" and "Did you Know?" text boxes enable students to engage in self-assessment as they proceed through their Torts class New materials on civil rights litigation, public nuisance, toxic torts and the Intentional Torts provisions of the Third Restatement. User-friendly page layout features helpful photographs, illustrations, and original charts Professors and student will benefit from: Text and notes that are fully up to date on the latest developments in tort law, including new Restatement provisions and the latest decisions from state, federal, and foreign courts. More than 15 years of overwhelmingly positive student and instructor feedback from law schools across the U.S. which demonstrate that Tort Law: Responsibilities and Redress is the most user-friendly Torts casebook on the market. The book is completely contemporary. Classic tort cases are included but, emphasis is placed on modern cases and modern issues that demonstrate tort law's continued importance and relevance. Teaching materials Include: Teacher's Manual, including Sample Syllabi The 500+ page Teacher's Manual has no rival among Torts casebooks. Comprehensive Deck of PowerPoint Slides 200+ PowerPoint slides available to adopters can be adapted for use in class, or to help instructors organize their class discussions. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center.
