Why Trust Science? Nov 12 2020 Why the social character of scientific knowledge makes it trustworthy Are doctors right when they tell us vaccines are safe? Should we take climate experts at their word when they warn us about the perils of global warming? Why should we trust science when so many of our political leaders don't? Naomi Oreskes offers a bold and compelling defense of science, revealing why the social character of scientific knowledge is its greatest strength—and the greatest reason we can trust it. Tracing the history and philosophy of science from the late nineteenth century to today, this timely and provocative book features a new preface by Oreskes and critical responses by climate experts Ottmar

Edenhofer and Martin Kowarsch, political scientist Jon Krosnick, philosopher of science Marc Lange, and science historian Susan Lindee, as well as a foreword by political theorist Stephen Macedo.

The Trustworthy Leader Apr 05 2020 How leaders from the best workplaces build trust in their organizations The Trustworthy Leader reveals the benefits organizations enjoy when trustworthy behavior is practiced consistently by their leaders. Drawing from examples from the Best Companies to Work For, Lyman, cofounder of Great Place to Work Institute, explains that being trustworthy means that leaders' behaviors are rooted in their commitment to the value of trust and not simply in an imitation of the

practices of others. She identifies six elements that reflect a leader's trustworthiness: honor, inclusion, engaging followers, sharing information, developing others, and moving through uncertainty to pursue opportunities. Features leaders from great companies such as REI, Wegman's, R.W. Baird, TDIndustries, and more Based on more than 20 years of rigorous research into the value of trust in companies large and small and its link to financial and organizational performance Published to coincide with the release of the FORTUNE 100 Best Companies to Work For 2012 list This book offers a key to developing high levels of trust, a critical endeavor in an age when seemingly every day a story of a leader's lapse in ethical behavior makes headlines.

The Intelligent REIT

Investor Dec 14 2020 The go-to guide for smart REIT investing The Intelligent REIT Investor is the definitive guide to real estate investment trusts, providing a clear,

concise resource for individual investors, financial planners, and analysts—anyone who prioritizes dividend income and risk management as major components to wealth-building. The REIT industry experienced a watershed event when Standard & Poors created a new Global Industry Classification Standard (GICS) sector called Real Estate. Publicly traded equity REITs have been removed from Financials, where they have been classified since their creation in 1960, and have begun trading as their own S&P Sector. This separation from banks and financial institutions has attracted new investors, but REITs require an industry-specific knowledge that is neither intuitive nor readily accessible to newcomers—until now. Using straightforward language and simple example to illustrate important concepts, this book will enable any reader to quickly learn and understand the lexicon and valuation techniques used in REIT investing, providing a wealth of

practical resources that streamline the learning process. The discussion explains terminology, metrics, and other key points, while examples illustrate the calculations used to evaluate opportunities. A comprehensive list of publicly-traded REITs provides key reference, giving you access to an important resource most investors and stockbrokers lack. REITs are companies that own or finance commercial rental properties, such as malls and apartment buildings. Despite historically high total returns relative to other investments, such as the Nasdaq or S&P 500 index, most investors are unfamiliar with the REIT industry, and wary of investing without adequate background. This book gets you up to speed on the essentials of REIT investing so you can make more informed—and profitable—decisions. Understand REITs processes, mechanisms, and industry Calculate key metrics to identify suitable companies Access historical performance

tables and industry-specific terminology Identify publicly-traded REITs quickly and easily REITs have consistently outperformed many more widely known investments. Over the past 15-year period, for example, REITs returned an average of 11% per year, better than all other asset classes. Since 2009, REITs have enjoyed positive returns; large cap stocks and cash are the only other classes that paralleled that record. Even in 2015, a 'year of fear' related to rising rates, REITs returned 2.4%, beating most all other asset classes. REITs have a long history (over fifty years) of performance, and have entered the big leagues. If you feel like you've been missing out, don't keep missing out. Prepare yourself, and your portfolio, to benefit from the demand for REITs that have followed the creation of a Real Estate GICS sector. The Intelligent REIT Investor gives you the information you need to invest wisely and manage your real estate risk effectively. By maintaining a tactical exposure

in the brick and mortar asset class, investors should benefit from the information contained in The Intelligent REIT Investor. Join the REIT world and look forward to owning stocks that will help you to sleep well at night.

Equity and Trusts Mar 17

2021 "Alastair Hudson's Equity and Trusts is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies. It provides a clear, current and comprehensive account of the subject through which the author's enthusiasm and expertise shine through, helping to bring to life an area of the law which students often find challenging. Beginning with the core principles, Professor Hudson reinforces the key points by means of clear examples throughout each chapter, helping students to build and develop their own knowledge of equity and trusts. A set of lively, discursive essays reflecting on the law then begin to outline the broader political, social and

economic context of the subject and encourage the reader to begin to engage with their own critical analysis. Although aimed at Students, Alastair Hudson is also the author of a practitioner text and brings that experience and detail to Equity and Trusts, which has now come to be cited in courts across different jurisdictions. The seventh edition is supported by a companion website which includes: over 50 short podcast lectures by the author discussing and clarifying key topics from within the book, which cover an entire course; a set of brief video documentaries filmed on location which provide context and bring to life selected key topics; a brief introductory video presentation from the author introducing the viewer to the subject of Equity and Trusts and to the book in particular"--

Equity and Trusts Jun 19 2021 Nutcases are a revision aid that approach case law in the acclaimed Nutshells style. They present the basic facts and key

principles of the important cases in each area of law, in clear, straightforward language. Cases are organised by topic areas illustrating key principles of the law. Facts and decisions are summarised concisely, and additional commentary draws together major themes. They are the painless way to understand and learn key cases.

Text, Cases and Materials on Equity and Trusts Oct 24 2021 Text, Cases and Materials on Equity and Trusts has been considerably revised to broaden the focus of the text in line with most LLB core courses to encompass equity, remedies and injunctions and to take account of recent major statutory and case law developments. The new edition features increased pedagogical support to outline key points and principles and improve navigation; 'notes' to encourage students to reflect on areas of complexity or controversy; and self-test questions to consolidate learning at the end of each chapter. New to this edition: is

a detailed examination of The Civil Partnership Act 2004 and the Charities Act 2006 important case law developments such as *Stack v Dowden* (constructive trusts and family assets), *Oxley v Hiscock* (quantification of family assets), *Barlow Clowes v Eurotrust* (review of the test for dishonesty), *Abou-Ramah v Abacha* (dishonest assistance and change of position defence), *AG for Zambia v Meer Care & Desai* (review of the test for dishonesty), *Horley Town Football Club* (gifts to unincorporated association), *Re Loftus* (defences of limitation, estoppel and laches), *Templeton Insurance v Penningtons Solicitors* (Quistclose trust and damages) and many more are new chapters on the equitable remedies of specific performance, injunctions, rectification, rescission and account are extracts from the Law Commission's Reports and consultation papers on 'Sharing Homes' and 'Trustee Exemption Clauses' as well as key academic literature and

debates. The structure and style of previous editions have been retained, with an emphasis on introductory text and case extracts of sufficient length to allow students to develop analytical and critical skills in reading legal judgments. Substantial author commentary helps the text give the flow, coherence and direction of a textbook whilst providing the reader with a wide range of primary and secondary material from a variety of sources. A supporting Companion Website provides twice-annual updates to the cases and legislation discussed within the text; answers to the questions contained within the text, and sample essay questions.

Building the High-Trust Organization Dec 02 2019

Based on IABC sponsored research in over 60 organizations, this guide provides an easy-to-administer model and instrument for measuring and managing trust

in organizations. An explanation and practical applications accompany each of the model's five critical dimensions of trust: Competence, Openness and Honesty, Concern for Others, Reliability, and Identification. Using rich case examples and interviews, the book examines diverse approaches and opportunities for building trust-in peer groups, virtual environments, and with managers/supervisors, and top management. Individual interviews represent diverse organizational positions, responsibilities, perspectives, and geographic locations. Note: CD-ROM/DVD and other supplementary materials are not included as part of Kindle edition of this book.

Key Facts books are supported by the website www.UnlockingTheLaw.co.uk where you will find extensive revision materials including MCQs and Key Q&As.

Peterborough and Stamford Hospitals NHS Foundation Trust Jan 03 2020 The board of Peterborough and Stamford NHS Trust failed to recognize in 2007 that a PFI scheme to build a new hospital, Peterborough City Hospital, would place considerable strain

on its finances for years to come. The then board compounded the decision to proceed with the scheme, which it could not afford, with a failure to monitor other changes affecting its income and costs between 2007 and 2011. In 2011-12, the in-year deficit was £46 million and the Trust is predicting an in-year deficit of more than £50 million in 2012-13. Monitor, the regulator of foundation trusts, raised well-founded concerns about the scheme's affordability with the Trust Board and the Department, however neither addressed these concerns fully before approval of the business case. Despite its earlier views, the regulator rated the Trust as a very low financial risk, reflecting its reported financial position but this risk rating did not reflect the future impact of the PFI development. Monitor had a number of opportunities to intervene before finally placing the Trust in breach of its terms in October 2011 but concluded that an intervention would not necessarily improve

or change the outcome positively. The level of healthcare undertaken by the Trust is also greater than envisaged in the PFI business case, which assumed a 14 per cent drop in outpatient activity whereas this increased by 21 per cent. In addition, NHS Peterborough, the Trust's main commissioner, which has been in financial difficulty itself, has used national and local performance indicators to withhold payments for activity undertaken by the Trust

Rebuilding Trust After Betrayal Jan 15 2021 Practical advice for healing and repairing broken trust and relationships. A best friend who undermines you. A partner's infidelity. A coworker that sabotages you or your workplace. A relative who steals from your family. Intimate betrayal strikes at the core of our capacity to trust and love, crushing the fundamental expectation that gives us the courage to connect deeply--the belief that the person we love wouldn't hurt us. Whether the betrayal is

through infidelity, emotional abuse, verbal aggression, or domestic violence, the psychological wound that cuts deepest is the perception that, ultimately, the person we love doesn't care about our wellbeing. So how can we heal from these wounds and even rebuild trust after betrayal? God provides the strength, guidance, and peace to overcome your current heartache and regain joy. And this handbook can help you do the hard work to walk on that path to healing. Quickly Find the Information You Need on Repairing Relationships In this handbook, you will learn: What to do when someone has betrayed your trust, or when you have betrayed the trust of someone else How to decide whether or not to repair the relationship and 10 daily steps to do so 3 essential elements of reconciliation And more 4 Key Features of This Christian Counseling Book on Healing Broken Trust Using real-life stories, biblical suggestions, proven tips, and practical steps that you can take today, Dr.

ownership of trust property. • Petitions for instructions relating to the operation of a trust. • Compelling a trust accounting. • Suits involving claims of breach of duty or malfeasance by the trustee. • Removal of a trustee. • Related matters such as financial abuse of an elder or dependent adult by a trustee, case evaluation, ethical issues, the recovery of trustee and attorney's fees in litigation, and the mediation and settlement of trust disputes. Trust litigation can be a highly lucrative field for California attorneys. However, it presents unique issues and procedures that set it apart from other types of general civil litigation, and presents many pitfalls for the unwary and inexperienced. This publication gives estate planners and general civil litigators the basic guidance that they will need to expand their practice into trust litigation, as well as serving as a handy reference source of up-to-date practice information for experienced estate litigators. Matthew Bender Practice

Guide: California Trust Litigation establishes a new standard in practice guides. You'll find streamlined chapter organization, precise guidance on finding pertinent online information, cross references to additional relevant content, and Strategic Points, Warnings, and other types of practical tips highlighted by icons and headings that classify the tips by type so you can tell at a glance what type of information you will find in the tip. You can be sure you are fully prepared with the step-by-step guidance of checklists and the ready availability of time-saving forms. Cross references give you instant access to relevant cases, statutes, rules, public records and secondary sources that include Matthew Bender's indispensable online publications. And with updates twice a year, you'll always have fast, accurate and up-to-date answers to procedural questions. human interaction and, in general, in autonomous cognitive agents including autonomous technologies. The authors explain the concepts of trust, and describe a principled, general theory of trust grounded on cognitive, cultural, institutional, technical, and normative solutions. This provides a strong base for the author's discussion of role of trust in agent-based systems supporting human-computer interaction and distributed and virtual organizations or markets (multi-agent systems). Key Features: Provides an accessible introduction to trust, and its importance and applications in agent-based systems Proposes a principled, general theory of trust grounding on cognitive, cultural, institutional, technical, and normative solutions. Offers a clear, intuitive approach, and systematic integration of relevant issues Explains the dynamics of trust, and the relationship between trust and security Offers operational

definitions and models directly applicable both in technical and experimental domains Includes a critical examination of trust models in economics, philosophy, psychology, sociology, and AI This book will be a valuable reference for researchers and advanced students focused on information and communication technologies (computer science, artificial intelligence, organizational sciences, and knowledge management etc.), as well as Web-site and robotics designers, and for scholars working on human, social, and cultural aspects of technology. Professionals of ecommerce systems and peer-to-peer systems will also find this text of interest.

Social Trust and Human Communities Oct 31 2019

Govier offers a general account of trust in a variety of social contexts and explores the negative effects of distrust on society. For example, she examines the role of trust in relationships between doctors and patients and between

politicians and constituents. With well-chosen examples ranging from the Oka crisis to Meech Lake, Govier points out that distrust in politics has been especially prevalent, and, while it may be well-founded, can have pernicious effects. Social Trust and Human Communities will be of great interest to students and scholars in the areas of applied ethics, social theory, and politics.

News Grazers Jul 09 2020

How has growing media choice transformed the way we gather news? *News Grazers: Media, Politics, and Trust in an Information Age* offers you an integration of the emerging effects that cable news, online news, and social media have had on American politics.

Author Richard Forgette, an expert on the U.S. Congress and public policy, draws on direct experimental research to argue that the diffusion of media outlets and media technologies has resulted in an increasingly fragmented and distracted news audience. This unprecedented level of media

choice is not only altering who accesses the news and how they do it; more important, it is changing the news itself. With chapters on commentary news, partisan news, breaking news, and fake news, *News Grazers* gives you the tools you need to critically analyze the ever-shifting media landscape. Special attention is also paid to the effects of the media and political trust on the 2016 election. Key Features:

- Coverage of the media's effects on the 2016 election encourages you to discuss the election while taking into account the broader theoretical concerns about changing news consumption habits and declining political trust.
- The chapter on partisan news helps you understand the impact of politically polarized news audiences.
- The chapter on fake news offers you current examples of the political impact of this phenomenon.
- Examples of the ways in which Americans increasingly have become news grazers show you how growing media choice has transformed how we gather

to ensure that you engage with, and fully understand, trusts"-- *Wills, Trusts, and Estates* Jul 21 2021 *Wills, Trusts, and Estates* retains the late Jesse Dukeminier's unique blend of wit, erudition, insight, and playfulness while covering all the key topics in a logical, clear organization. Interesting cases--not only fun to read, but fun to teach as well--are enhanced and connected to broader legal principles by well-written notes, questions, and problems. The Ninth Edition introduces a completely new, two-color design for a clearer presentation of core material and didactic imagery. Shaded box and "sidebars and" insert context, background, and real-life examples throughout the text. Improved organization consolidates the material into blocks that follow an orderly and logical progression. An introductory chapter on trusts appears before nonprobate transfers, providing much-needed context for revocable trusts as will substitutes. Reorganization enhances the revised material on nonprobate

transfers and trust administration, creditor's rights, trust modification, probate transfers, spousal and children's shares, and trusts. The Ninth Edition features the latest developments in statutes, law reform projects, scholarly writing, and cases, such as those on revocable trusts and harmless error in will execution. Relevant uniform law activity is discussed, including the new Uniform Premarital and Marital Agreements Act, and attention is paid to the finalization of the new Restatements on Property and Trusts. Updates to the social science work on inheritance and intestacy are presented. Attention is paid to developments affecting inheritance among same-sex partners. Features: retains the late Jesse Dukeminier's unique blend of wit, erudition, insight, and playfulness covers all the key topics in a logical, clear organization interesting cases that are not only fun to read, but fun to teach as well cases enhanced and connected to broader legal principles by

Highway Trust Fund Jul 29 2019 The Highway Trust Fund is the principal mechanism for funding federal highway and transit programs through receipts from excise taxes charged to highway users, such as taxes on motor fuels. The Department of Treasury (Treasury) and the Congressional Budget Office (CBO) each prepare estimates of future receipts for the Highway Trust Fund semiannually. Treasury's receipt estimates are combined with the Department of Transportation's (DOT) estimates of outlays to create an estimate of the Highway Trust Fund balance for the President's Budget; CBO also projects outlays to develop an estimate of the fund balance. The agencies' most recent estimates show that the

Highway Account within the Highway Trust Fund could have a negative balance as early as 2009, raising concerns about whether funding for federal highway programs-- which were recently authorised by the Safe, Accountable, Flexible, Efficient

Transportation Equity Act: A Legacy for Users--will continue to be met. Consequently, the Subcommittee asked us to review and compare recent estimates made by Treasury and CBO. This testimony provides information on how (1) estimates are used to provide key information about the Highway Trust Fund, (2) the most recent Highway Trust Fund estimates -- based on receipt estimates made by Treasury and CBO--compare, and (3) Treasury's and CBO's estimates compare to actual receipts for recent years.
