[Archbishop Quigley](#) Jul 21 2021 Excerpt from Archbishop Quigley: A Tribute I shall never forget my first meeting with Archbishop Quigley. It was on the piazza of the Presbytery at Notre Dame University. I was tired; for I had been trying to find some one to put his love back of the home missions, and powerful enough to give the work I had been dreaming of an effective support. It was too dark that evening for me to see very much of the face of Archbishop Quigley; but the outline of his head gave me the impression of having my own father before me; and he had been a stern man. Something New Aug 22 2021 Excerpt from Something New: Or, the Second "Pastor's Tribute" The first thought was, to entitle these Fragments - Old and New; because old to the author, though new to others. But, old things, generally, and in literature especially, are so little valued; and Something New is so much desired, that the latter title was concluded upon as the better. There is enough in the budget from which these have been drawn, for many such offerings; but it is hoped there will be no need for more. With British Guns in Italy, a Tribute To Dec 02 2019 Excerpt from With British Guns in Italy, a Tribute To: Italian Achievement So far as I know, no British soldier who served on the Italian Front has yet published a book about his experiences. Ten British Batteries went to Italy in the spring of 1917 and passed through memorable days. But their story has not yet been told. Nor, except in the language of official dispatches, has that of the British Divisions which went to Italy six months later, some of which remained and took part in the final and decisive phases of the war against Austria. Something more should soon be written concerning the doings of the British troops in Italy, for they deserve to stand out clearly in the history of the war. This little book of mine is only an account, more or less in the form of a Diary, of what one British soldier saw and felt, who served for eighteen months on the Italian Front as a Subaltern officer in a Siege Battery. But it was my luck to see a good deal during that time. Mine had been the first British Battery to come into action and open fire on the Italian Front. The Original Knickerbocker Aug 29 2019 Washington Irving-author, ambassador, Manhattanite, and international celebrity-has largely slipped from America's memory, and yet, his creations are still very well known. With a historian's eye for scope and significance, Andrew Burstein returns Irving to the context of his native nineteenth century where he was a major celebrity-both a colorful comic genius and the first name in our national literature.

Though he gave his young nation such enduring tales as "The Legend of Sleepy Hollow" and "Rip Van Winkle," he was far more than one of our nation's most outsized literary talents. Irving was an American original and a citizen of the world.

The Color of Water Jan 03 2020 From the bestselling author of *Deacon King Kong* and the National Book Award-winning *The Good Lord Bird*: The modern classic that spent more than two years on The New York Times bestseller list and that Oprah.com calls one of the best memoirs of a generation. Who is Ruth McBride Jordan? A self-declared "light-skinned" woman evasive about her ethnicity, yet steadfast in her love for her twelve black children. James McBride, journalist, musician, and son, explores his mother's past, as well as his own upbringing and heritage, in a poignant and powerful debut, *The Color of Water: A Black Man's Tribute to His White Mother*. The son of a black minister and a woman who would not admit she was white, James McBride grew up in "orchestrated chaos" with his eleven siblings in the poor, all-black projects of Red Hook, Brooklyn. "Mommy," a fiercely protective woman with "dark eyes full of pep and fire," herded her brood to Manhattan's free cultural events, sent them off on buses to the best (and mainly Jewish) schools, demanded good grades, and commanded respect. As a young man, McBride saw his mother as a source of embarrassment, worry, and confusion—and reached thirty before he began to discover the truth about her early life and long-buried pain. In *The Color of Water*, McBride retraces his mother's footsteps and, through her searing and spirited voice, recreates her remarkable story. The daughter of a failed itinerant Orthodox rabbi, she was born Rachel Shilsky (actually Ruchel Dwara Zylska) in Poland on April 1, 1921. Fleeing pogroms, her family emigrated to America and ultimately settled in Suffolk, Virginia, a small town where anti-Semitism and racial tensions ran high. With candor and immediacy, Ruth describes her parents' loveless marriage; her fragile,

handicapped mother; her cruel, sexually-abusive father; and the rest of the family and life she abandoned. At seventeen, after fleeing Virginia and settling in New York City, Ruth married a black minister and founded the all- black New Brown Memorial Baptist Church in her Red Hook living room. "God is the color of water," Ruth McBride taught her children, firmly convinced that life's blessings and life's values transcend race. Twice widowed, and continually confronting overwhelming adversity and racism, Ruth's determination, drive and discipline saw her dozen children through college—and most through graduate school. At age 65, she herself received a degree in social work from Temple University. Interspersed throughout his mother's compelling narrative, McBride shares candid recollections of his own experiences as a mixed-race child of poverty, his flirtations with drugs and violence, and his eventual self- realization and professional success. The Color of Water touches readers of all colors as a vivid portrait of growing up, a haunting meditation on race and identity, and a lyrical valentine to a mother from her son.

The Tribute Jun 07 2020 Excerpt from The Tribute: A Miscellaneous Volume in Prose and Verse Whatever of literary vanity may have been mixed up with the first thought of publication, has completely oozed out at the point of the pen which corrected the proofs; These tedious readings and re-readings furnish too abundant testi mony of the many defects, not to make more experienced authors tremble for the manner in which their literary progeny may be received by the world. How, then, must he feel, who, for the first time, makes the adventure. The delay which this little volume experienced in its publication, may give expectancy a greater scope; but it will be perceived, by some topics illustratively introduced, that many of the articles were written from pen to press, though others have been lying for years by the author. The Color of Water Aug 10 2020 From the New York Times bestselling author of Deacon King Kong and The Good Lord Bird, winner of the National Book Award for Fiction: The modern classic that Oprah.com calls one of the best memoirs of a generation and that launched James McBride's literary career. More than two years on The New York Times bestseller list. As a boy in Brooklyn's Red Hook projects, James McBride knew his mother was different. But when he asked her about it, she'd simply say 'I'm light-skinned.' Later he wondered if he was different too, and asked his mother if he was black or white. 'You're a human being! Educate yourself or you'll be a nobody!' she snapped back. And when James asked about God, she told him 'God is the color of water.' This is the remarkable story of an eccentric and determined woman: a rabbi's daughter, born in Poland and raised in the Deep South who fled to Harlem, married a black preacher, founded a Baptist church and put twelve children through college. A celebration of resilience, faith and forgiveness, The Color of Water is an eloquent exploration of what family really means.

Man's Search For Meaning Oct 04 2022 A prominent Viennese psychiatrist before the war, Viktor Frankl was uniquely able to observe the way that he and other inmates coped with the experience of being in Auschwitz. He noticed that it was the men who comforted others and who gave away their last piece of bread who survived the longest - and who offered proof that everything can be taken away from us except the ability to choose our attitude in any given set of circumstances. The sort of person the prisoner became was the result of an inner decision and not of camp influences alone. Only those who allowed their inner hold on their moral and spiritual selves to subside eventually fell victim to the camp's degenerating influence - while those who made a victory of those experiences turned them into an inner triumph. Frankl came to believe that man's deepest desire is to search for meaning and purpose. This outstanding work offers us all a way to transcend suffering and find significance in the art of living.

McClellan's Last Service to the Republic Nov 12 2020 Excerpt from McClellan's Last Service to the Republic: Together With a Tribute to His Memory A full history of General McClellan's services to the country, from the time when he led the Army of the Potomac to a position of safety on the James River at Harrison's Landing, to the transfer of that army to General Pope's command, and thence to the battle of Antietam, has never been written. In that part of McClellan's official report which covers this period, there is hardly more than a skeleton of events, made up of dispatches and letters, connected by a thread of narrative, in which the personal interviews, the oral communications, the anecdotes, and the acts of individuals, are for the most part wanting.
