Engendering Violence in Papua New Guinea Apr 25 2022 This collection builds on previous works on gender violence in the Pacific, but goes beyond some previous approaches to 'domestic violence' or 'violence against women' in analysing the dynamic processes of

‘engendering’ violence in PNG. ‘Engendering’ refers not just to the sex of individual actors, but to gender as a crucial relation in collective life and the massive social transformations ongoing in PNG: conversion to Christianity, the development of extractive industries, the implanting of introduced models of justice and the law and the spread of HIV. Hence the collection examines issues of ‘troubled masculinities’ as much as ‘battered women’ and tries to move beyond the black and white binaries of blaming either tradition or modernity as the primary cause of gender violence. It relates original scholarly research in the villages and towns of PNG to questions of policy and practice and reveals the complexities and contestations in the local translation of concepts of human rights. It will interest undergraduate and graduate students in gender studies and Pacific studies and those working on the policy and practice of combating gender violence in PNG and elsewhere.

Ancient Mesopotamian Religion and Mythology Aug 30 2022 The late W.G. Lambert (1926-2011) was one of the foremost Assyriologists of the latter part of the twentieth century. His principle legacy is a large number of superb critical editions of Babylonian literary compositions. Many of the texts he edited were on religious and mythological subjects. He will always be remembered as the editor of the Babylonian Job (Ludlul bel nemeqi, also known as the Poem of the Righteous Sufferer), the Babylonian Flood Story (Atra-hasis) and the Babylonian Creation Epic (Enuma elish). The present book is a collection of twenty-three essays Lambert published between the years 1958 and 2004. These endure not only as the legacy of one of the greatest authorities on ancient Mesopotamian religion and mythology, but also because each makes statements of considerable validity and importance. As such, many are milestones in the fields of Mesopotamian religion and mythology.

Babylonian Creation Myths Feb 21 2022 For much of the last half of the twentieth century, W. G. Lambert devoted much of his research energy and effort to the study of Babylonian texts dealing with Mesopotamian ideas regarding creation, including especially Enuma Elish. This volume, which appears almost exactly 2 years after Lambert's death, distills a lifetime of learning by the world's foremost expert on these texts. Lambert provides a full transliteration and translation of the 7 tablets of Enuma Elish, based on the known exemplars, as well as coverage of a number of other texts that bear on, or are thought to bear on, Mesopotamian notions of the origin of the world, mankind, and the gods. New editions of seventeen additional "creation tales" are provided, including "Enmesharra's Defeat," "Enki and

Ninmah,” “The Slaying of Labbu,” and “The Theogony of Dunnu.” Lambert pays special attention, of course, to the connection of the main epic, Enuma Elish, with the rise and place of Marduk in the Babylonian pantheon. He traces the development of this deity’s origin and rise to prominence and elaborates the relationship of this text, and the others discussed, to the religious and political climate Babylonia. The volume includes 70 plates (primarily hand-copies of the various exemplars of Enuma Elish) and extensive indexes.

Reflected in You Mar 01 2020 The sensual saga of Eva and Gideon continues in the second novel in the #1 New York Times bestselling Crossfire series. Gideon Cross. As beautiful and flawless on the outside as he was damaged and tormented on the inside. He was a bright, scorching flame that singed me with the darkest of pleasures. I couldn't stay away. I didn't want to. He was my addiction...my every desire...mine. My past was as violent as his, and I was just as broken. We'd never work. It was too hard, too painful...except when it was perfect. Those moments when the driving hunger and desperate love were the most exquisite insanity. We were bound by our need. And our passion would take us beyond our limits to the sweetest, sharpest edge of obsession...

The Mirror Empire Sep 06 2020 An ambitious tale of magic, war, and parallel worlds that pushes the boundaries of epic fantasy—from a two-time Hugo Award winner On the eve of a recurring catastrophic event known to extinguish nations and reshape continents, a troubled orphan evades death and slavery to uncover her own bloody past . . . while a world goes to war with itself. In the frozen kingdom of Saiduan, invaders from another realm are decimating whole cities, leaving behind nothing but ash and ruin. At the heart of this war lie the pacifistic Dhai people, once enslaved by the Saiduan and now courted by their former masters to provide aid against the encroaching enemy. As the dark star of the cataclysm rises, an illegitimate ruler is tasked with holding together a country fractured by civil war; a precocious young fighter is asked to betray his family to save his skin; and a half-Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress. Through tense alliances and devastating betrayal, the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself. In the end, one world will rise—and many will perish. Stretching from desolate tundras to steamy, semi-tropical climes seething with sentient plant life, this is an epic tale of blood mages and mercenaries, emperors and priestly assassins, who must unite to save a world on the brink of ruin. Plante 'Glorious springtime, haystacks and a herd of cows can all be found in this' Sunday Times Bestseller 'Warm and witty' - Express A funny and heart-warming love letter to childhood, family and growing up. Till the Cows Come Home is DJ and TV presenter Sara Cox's wonderfully written, funny coming of age memoir of growing up in 1980s Lancashire. The youngest of five siblings, Sara grew up on her father's cattle farm surrounded by dogs, cows, horses, fields and lots of 'cack'. The lanky kid sister - half girl, half forehead - a nuisance to the older kids, the farm was her very own dangerous adventure playground, 'a Bolton version of Narnia'. Her writing conjures up a time of wagon rides and haymaking and agricultural shows, alongside chain smoking pensioners, cabaret nights at the Conservative club and benign parenting. Sara's love of family, of the animals and the people around them shines through on every page. Unforgettable characters are lovingly and expertly drawn bringing to life a time and place. Sara later divided her childhood days between the beloved farm and the pub she lived above with her mother, these early experiences of freedom and adventure came to be the perfect training ground for later life. This funny, big-hearted and often moving telling of Sara Cox's semi rural upbringing is not what you'd expect from the original ladette, and one of radio's most enduring and well loved presenters.

Tales of Nevèrÿon Oct 20 2021 Hugo and Nebula Award-winning author Samuel R. Delany's epic fantasy—the first in a series—explores power, gender, and the nature of civilization. A boy of the bustling, colorful docks of port Kolhari, during a political coup, fifteen-year-old Gorgik, once his parents are killed, is taken a slave and transported to the government obsidian mines at the foot of the Faltha mountains. When, in the savagely primitive land of Nevèrÿon, finally he wins his

freedom, Gorgik is ready to lead a rebellion against the rulers of this barely civilized land. His is the through-story that, now in the background, now in the foreground, connects these first five stories, in Tales of Nevèrÿon—and, indeed, all the eleven stories, novellas, and novels that comprise Delany’s epic fantasy series, Return to Nevèrÿon, where we can watch civilization first develop money, writing, labor, and that grounding of all civilizations since: capital itself. In these sagas of barbarism, new knowledge, and sex, you’ll find far more than in most sword-and-sorcery. They are an epic feat of language, an ironic analysis of the foundations of civilization, and a reminder that no weapon is more powerful than a well-honed legend. This “eminently readable and gorgeously entertaining” (The Washington Post Book World) novel reads “as if Umberto Eco had written about Conan the Barbarian” (USA Today). This ebook features an illustrated biography of Samuel R. Delany including rare images from his early career.

As Poe begins uncovering the house's secrets, both new and old, she's also pulled into the seductive, elegant world of Auden and his friends--and drawn to Auden's worst enemy, the beautiful and brooding St. Sebastian.
