[South American Mythology](#) Jul 09 2020 Lavishly illustrated studies of myths concerning the origin of the world, the creation of man, heroes, and the etiology of tribes, religious rituals and other concerns of the ancient South American people.

**Huichol Mythology** Sep 22 2021 Best known for their ritual use of peyote, the Huichol people of west-central Mexico carried much of their original belief system into the twentieth century unadulterated by the influence of Christian missionaries. Among the Huichol, reciting myths and performing rituals pleases the ancestors and helps maintain a world in which abundant subsistence and good health are assured. This volume is a collection of myths recorded by Robert Zingg in 1934 in the village of Tuxpan and is the most comprehensive record of Huichol mythology ever published. Zingg was the first professional anthropologist to study the Huichol, and his generosity toward them and political advocacy on their behalf allowed him to overcome tribal sanctions against

divulging secrets to outsiders. He is fondly remembered today by some Huichols who were children when he lived among them. Zingg recognized that the alternation between dry and wet seasons pervades Huichol myth and ritual as it does their subsistence activities, and his arrangement of the texts sheds much light on Huichol tradition. The volume contains both aboriginal myths that attest to the abiding Huichol obligation to serve ancestors who control nature and its processes, and Christian-inspired myths that document the traumatic effect that silver mining and Franciscan missions had on Huichol society. First published in 1998 in a Spanish-language edition, *Huichol Mythology* is presented here for the first time in English, with more than 40 original photographs by Zingg accompanying the text. For this volume, the editors provide a meticulous historical account of Huichol society from about 200 A.D. through the colonial era, enabling readers to fully grasp the significance of the myths free of the sensationalized interpretations found in popular accounts of the Huichol. Zingg's compilation is a landmark work, indispensable to the study of mythology, Mexican Indians, and comparative religion.

**The Myth of Sisyphus And Other Essays** Oct 31 2019 One of the most influential works of this century, *The Myth of Sisyphus and Other Essays* is a crucial exposition of existentialist thought. Influenced by works such as *Don Juan* and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

*Forget the Alamo* Feb 02 2020 A New York Times bestseller! "Lively and absorbing. . ." —The New York Times Book Review "Engrossing." —Wall Street Journal "Entertaining and well-researched . . ." —Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as *Forget the Alamo* definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. *Forget the Alamo* provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

**Nyx in the House of Night** Dec 26 2021 Companion to the #1 New York Times bestselling House of Night books, soon to be adapted into a Netflix series The House of Night is no ordinary school—and not just because it's for vampyres. It's a place where magic, religion, folklore, and mythology from multiple traditions merry meet and meld to create something incredible and new. In *Nyx in the House of Night*—a 2-color illustrated companion to the House of Night series—some of your favorite YA authors, plus a few experts, help you navigate the influences behind the House of Night series in a guide that would get even Damien's seal of approval. Travel with P.C. Cast as she gets her first tattoo in Ireland, climbs the ruins of Sgiach's castle, and discovers the lore that led to the Isle of Skye vampyres. Read Kristin Cast's defense of women in history and mythology who, like Zoey, have made a practice of juggling multiple men. Sit in on a vampyre lecture by Bryan Lankford, the real-life basis for House of Night instructor Dragon Lankford, on the parallels between Wiccan and vampyre circle rituals. Tour Tulsa's House of Night landmarks with local Amy H. Sturgis. Plus: • Karen Mahoney on Nyx and other goddesses of the night • John Edgar Browning on vampires in folklore, fiction, and reality • Jana Oliver on tattoos and other Marks • Ellen Steiber on feline familiars • Yasmine Galenorn on priestesses and goddess worship • Jordon Dane on Zoey's Cherokee heritage • Jeri Smith-Ready on the Raven Mockers and Kalona's less than heavenly inspiration • Christine Zika on the connection between Nyx and the Virgin Mary • Triniy Faegen on the Greek version of the Otherworld Nyx in the House of Night also includes an appendix of character names that reveals the myth behind Zoey's last name, which House of Night cats have ties to Camelot, Egypt, and Middle-earth, and more!

**Primal Myths** Jul 29 2019 "A representative, well-chosen collection . . . for use as an introduction to the study of mythology or as a convenient reference work and refresher of memory".--Joseph Campbell". . . amazingly comprehensive, thorough, yet concise".--Maurice Friedman, author of *Touchstones of Reality*. Line drawings. Hieroglyphs.

**Myths to Live by** Dec 02 2019 Examines the myth-making process since primitive times to demonstrate the ways in which specific myths reflect human needs

**Integration** Jan 15 2021 Jesse Jackson once said of Martin Luther King, Jr., "Thinking about him is like thinking about the prism, the sun shining through a glass from as many angles as you look. You know there is another set of rays, and as many angles as you think about Dr. King, there is yet another set of angles with which to analyze him." Author and depth psychologist Jennifer Leigh Selig approaches King from the angle of a cultural

therapist, a radical conceit that extends therapy beyond the bounded container of the consulting room and into the cultural milieu, and beyond the narrow purview of the licensed few and into the hands of the committed many. During the Civil Rights Movement, Selig illustrates how King put America on the couch, talked with her about her issues, challenged her to see her psychological dis-ease, and marched with her along the path of healing, toward her own integration. And just as common wisdom says that therapists can only take clients as far toward wholeness as they have traveled themselves, it is illuminating to look at King's psychological health for hints about why he was able to succeed, and where he might have failed, to heal his "client," the soul of America. Drawing upon the mythic roles that possessed King-the deliverer, the prophet, and the martyr-savior-and the mythic goal that obsessed him-the creation of the beloved community-this book is a fascinating and ground-breaking exploration of the psyche and mythos of one man and his country struggling toward integration.

**The Myths of Innovation** Dec 14 2020 In this new paperback edition of the classic bestseller, you'll be taken on a hilarious, fast-paced ride through the history of ideas. Author Scott Berkun will show you how to transcend the false stories that many business experts, scientists, and much of pop culture foolishly use to guide their thinking about how ideas change the world. With four new chapters on putting the ideas in the book to work, updated references and over 50 corrections and improvements, now is the time to get past the myths, and change the world. You'll have fun while you learn: Where ideas come from The true history of history Why most people don't like ideas How great managers make ideas thrive The importance of problem finding The simple plan (new for paperback) Since its initial publication, this classic bestseller has been discussed on NPR, MSNBC, CNBC, and at Yale University, MIT, Carnegie Mellon University, Microsoft, Apple, Intel, Google, Amazon.com, and other major media, corporations, and universities around the world. It has changed the way thousands of leaders and creators understand the world. Now in an updated and expanded paperback edition, it's a fantastic time to explore or rediscover this powerful view of the world of ideas. "Sets us free to try and change the world."--Guy Kawasaki, Author of Art of The Start "Small, simple, powerful: an innovative book about innovation."--Don Norman, author of Design of Everyday Things "Insightful, inspiring, evocative, and just plain fun to read. It's totally great."--John Seely Brown, Former Director, Xerox Palo Alto Research Center (PARC) "Methodically and entertainingly dismantling the cliches that surround the process of innovation."--Scott Rosenberg, author of Dreaming in Code; cofounder of Salon.com "Will inspire you to come up with breakthrough ideas of your own."--Alan Cooper, Father of Visual Basic and author of The Inmates are Running the Asylum "Brimming with insights and historical examples, Berkun's book not only debunks widely held myths about innovation, it also points the ways toward making your new ideas stick."--Tom Kelley, GM, IDEO; author of The Ten Faces of Innovation

**No More Fads, Gimmicks Or Diet Myths: A Simple Approach Toward Regaining Your Optimal Health** Jun 27 2019

**The Cry for Myth** Sep 30 2019 Rollo May, respected therapist and bestselling author of Love and Will, discusses the relationships between myths and the subconscious, showing how myths can provide meaning and structure for those who seek direction in a confused world. Here are case studies in which myths have helped Dr. May's patients make sense out of an often senseless world.

**Circe** Jan 27 2022 "A bold and subversive retelling of the goddess's story," this #1 New York Times bestseller is "both epic and intimate in its scope, recasting the most infamous female figure from the Odyssey as a hero in her own right" (Alexandra Alter, The New York Times). In the house of Helios, god of the sun and mightiest of the Titans, a daughter is born. But Circe is a strange child -- not powerful, like her father, nor viciously alluring like her mother. Turning to the world of mortals for companionship, she discovers that she does possess power -- the power of witchcraft, which can transform rivals into monsters and menace the gods themselves. Threatened, Zeus banishes her to a deserted island, where she hones her occult craft, tames wild beasts and crosses paths with many of the most famous figures in all of mythology, including the Minotaur, Daedalus and his doomed son Icarus, the murderous Medea, and, of course, wily Odysseus. But there is danger, too, for a woman who stands alone, and Circe unwittingly draws the wrath of both men and gods, ultimately finding herself pitted against one of the most terrifying and vengeful of the Olympians. To protect what she loves most, Circe must summon all her strength and choose, once and for all, whether she belongs with the gods she is born from, or the mortals she has come to love. With unforgettably vivid characters, mesmerizing language, and page-turning suspense, Circe is a triumph of storytelling, an intoxicating epic of family rivalry, palace intrigue, love and loss, as well as a celebration of indomitable female strength in a man's world. #1 New York Times Bestseller -- named one of the Best Books of the Year by NPR, the Washington Post, People, Time, Amazon, Entertainment Weekly, Bustle, Newsweek, the A.V. Club, Christian Science Monitor, Refinery 29, BuzzFeed, Paste, Audible, Kirkus, Publishers Weekly, Thrillist, NYPL, Self, Real Simple, Goodreads, Boston Globe, Electric Literature, BookPage, the Guardian, Book Riot, Seattle Times, and Business Insider.

*The Myth of Christian Uniqueness* Mar 17 2021 A new model of Christian theology, the 'pluralistic' model, is taking shape, moving beyond the traditional models of exclusivism (Christianity as the only true religion) and inclusivism (Christianity as the best religion) toward a view that recognizes the possibility of many valid religions. In this volume, a widely representative group of eminent Christian theologians - Protestant and Catholic, male and female, from East and West, First and Third Worlds - explores genuinely new attitudes toward other believers and traditions, expanding and refining the discussion and debate over pluralistic theology. Contributors are: Gordon D. Kaufman, John Hick, Langdon Gilkey, Wilfred Cantwell Smith, Stanley J. Samartha, Raimundo Panikkar, Seiichi Yagi, Rosemary Radford Ruether, Marjorie Jewitt Suchocki, Aloysius Pieris, Tom F. Driver, and Paul F. Knitter.

*Myth and Meaning* Jun 19 2021 In addresses written for a wide general audience, Claude Levi-Strauss offers the insights of a lifetime on the crucial questions of human existence. Myth and Meaning is one of the most famous anthropology texts of the 20th century.

**The Oxford Companion to World Mythology** Feb 25 2022 An interesting and lively book that contains articles on heros, villains, mythologists and mythological approaches.

[Toward a Modern Mythology](#) Mar 05 2020

**The Gardens of Adonis** Nov 12 2020 Rich with implications for the history of sexuality, gender issues, and patterns of Hellenic literary imagining, Marcel Detienne's landmark book recasts long-standing ideas about the fertility myth of Adonis. The author challenges Sir James Frazer's thesis that the vegetation god Adonis-- whose premature death was mourned by women and whose resurrection marked a joyous occasion--represented the

annual cycle of growth and decay in agriculture. Using the analytic tools of structuralism, Detienne shows instead that the festivals of Adonis depict a seductive but impotent and fruitless deity--whose physical ineptitude led to his death in a boar hunt, after which his body was found in a lettuce patch. Contrasting the festivals of Adonis with the solemn ones dedicated to Demeter, the goddess of grain, he reveals the former as a parody and negation of the institution of marriage. Detienne considers the short-lived gardens that Athenian women planted in mockery for Adonis's festival, and explores the function of such vegetal matter as spices, mint, myrrh, cereal, and wet plants in religious practice and in a wide selection of myths. His inquiry exposes, among many things, attitudes toward sexual activities ranging from "perverse" acts to marital relations.

**The Myth of Progress** Sep 03 2022 A provocative critique of Western progress from a scientific perspective

**Encyclopedia of Fairies in World Folklore and Mythology** Oct 24 2021 Fairies have been revered and feared, sometimes simultaneously, throughout recorded history. This encyclopedia of concise entries, from the A-senee-ki-waku of northeastern North America to the Zips of Central America and Mexico, includes more than 2,500 individual beings and species of fairy and nature spirits from a wide range of mythologies and religions from all over the globe.

Celtic Myth and Legend Apr 05 2020 The legends of ancient Britain retain a profound allure for readers around the world, assuring a warm reception for this introduction to the colorful pageant of Celtic myth. Its wondrous tales range from the oft-told deeds of Arthur and the Knights of the Round Table to the less-familiar adventures of the mighty Finn and his Fenians, Ulster's Champions of the Red Branch, and other figures from the Gaelic pantheon. Tracing the exploits of kings and saints back to their earliest origins, the author reveals the pagan roots beneath the medieval Christianity and follows the stories' transformations into the fairy tales of the Victorian age. Minimal use of scholarly notes and a highly accessible style make this reader-friendly volume an ideal steppingstone in the path toward the magic cauldron of Celtic myth.

**Bridge Work** Aug 22 2021 The twenty chapters in this volume are divided into Formal Essays and Cultural Essays. Both, however, explore in varying degrees the place of consilience between literature, mythology and depth psychology. The essays seek that place of analogy, or correspondence and of accord between the three bridges, the three disciplines mentioned in its subtitle. Together they amplify and extend what might best be called a psycho-poetics of myth, where mythology is understood as the mucilage or glue that holds psyche and poesis together in one form and shape. The intention in all the essays is to invite the reader into the discussion with his/her personal myth resonating with the ideas and images present and to remember and reimagine one's own narrative through the corridors of those presented in the volume. Bridge Work then carries two meanings: it wishes to span disciplines in order to increase one's range of awareness and it wishes to create a third thing, the bridge itself, as a medium of and for expressing new insights. The hope is that the reader will come away from these twenty expressions of the relational nature of literature to psychology and mythology with a renewed sense of how interdisciplinary studies can reveal other ways of knowing not afforded the specialist inhabiting one field of thought.

**The Hero with a Thousand Faces** Feb 13 2021 Examines myths and folk tales from around the world in an attempt to understand the symbolism of the hero as it appears in

the mythologies and religions of mankind.

**The Scapegoat Complex** Nov 05 2022 An in-depth study of victim psychology based on historical ritual dreams, mythology and case material. Shows that scapegoating is a way of denying one's own dark side by projecting it onto others.

**National Myths** Nov 24 2021 National myths are now seriously questioned in a number of societies. In the West, for instance, a number of factors have combined to destabilise the symbolic foundation of nations and collective identities. As a result, the diagnosis of a deep cultural crisis has become commonplace. Indeed, who today has not heard about the erosion of common values or the undermining of social cohesion? But to efficiently address this issue, do we know enough about the nature and role of myths in modern and postmodern societies? Against this background, *National Myths: Constructed Pasts, Contested Presents* relies on a sample of nations from around the world and seeks to highlight the functioning of national myths, both as representations that make sense of a collectivity, and as socially grounded tools used in a web of power relations. The collection draws together contributions from international experts to examine the present state of national myths, and their fate in today's rapidly-changing society. Can - or must - nations do without the sort of overarching symbolic configurations that national myths provide? If so, how to rethink the fabrics and the future of our societies? This book will appeal to students and scholars interested in sociology, national, identity and memory studies, myths, shared beliefs, or collective imaginaries.

**The Myth of the Reine Margot** Sep 10 2020 The "Divorce Satyrique" is an anonymous biographical sketch of Marguerite de Valois. Although a proclaimed satire, the document was accepted as historical fact and it single-handedly spawned the myth of the Reine Margot. Despite her political and historical insignificance, this account immortalized Marguerite de Valois as an exceptionally frivolous and hedonistic woman. From manuscript sources, Robert J. Sealy. S.J. proves that a critical incident in the "Divorce" is purely fictional. By distilling fiction from fact, the author lays the groundwork for future analysis of the text and of its historical impact.

**Our Daily Breach** Jul 21 2021 *Our Daily Breach: Exploring Your Personal Myth Through Herman Melville's Moby-Dick* offers both a way of understanding what has generally been called the greatest novel of the American myth while simultaneously exploring one's own personal myth. Its added feature is that it is an interactive book in allowing reader's to meditate on one question per page for each day of the year and to uncover many facets of one's personal myth through cursive writing. It has been long understood that classics of literature are their own form of therapy in that they frequently tap into some of the most shared concerns of being human. This book makes such a connection between our interior life and the plot of the story through the power of mythopoiesis, namely the imaginative act of giving a formative shape to the myth we are each living in and out through the power of analogy, correspondence or accord with the classic poem. Using Melville's epic of America, the reader may enter the deepest seas of his/her own mythic waters to realize and give language to the myth that resides in our daily plot line.

**Norse Mythology** Oct 12 2020 "Remarkable.... Gaiman has provided an enchanting contemporary interpretation of the Viking ethos."—Lisa L. Hannett, *Atlantic* Neil Gaiman, long inspired by ancient mythology in creating the fantastical realms of his fiction, presents a bravura rendition of the Norse gods and their world from their origin through their upheaval in Ragnarok. In *Norse Mythology*, Gaiman stays true to the myths in envisioning

the major Norse pantheon: Odin, the highest of the high, wise, daring, and cunning; Thor, Odin's son, incredibly strong yet not the wisest of gods; and Loki—son of a giant—blood brother to Odin and a trickster and unsurpassable manipulator. Gaiman fashions these primeval stories into a novelistic arc that begins with the genesis of the legendary nine worlds and delves into the exploits of deities, dwarfs, and giants. Through Gaiman's deft and witty prose, these gods emerge with their fiercely competitive natures, their susceptibility to being duped and to duping others, and their tendency to let passion ignite their actions, making these long-ago myths breathe pungent life again.

**The Woman's Encyclopedia of Myths and Secrets** Aug 10 2020 Do You Know... where the legend of a cat's nine lives comes from? why "mama" is a word understood in nearly all languages? how the custom of kissing began? whether there really was a female pope? why Cinderella's glass slipper was so important to the Prince? The answers to these and countless other intriguing questions are given in this compulsively readable, feminist encyclopedia. Twenty-five years in preparation, this unique, comprehensive sourcebook focuses on mythology anthropology, religion, and sexuality to uncover precisely what other encyclopedias leave out or misrepresent. The Woman's Encyclopedia presents the fascinating stories behind word origins, legends, superstitions, and customs. A browser's delight and an indispensable resource, it offers 1,350 entries on magic, witchcraft, fairies, elves, giants, goddesses, gods, and psychological anomalies such as demonic possession; the mystical meanings of sun, moon, earth, sea, time, and space; ideas of the soul, reincarnation, creation and doomsday; ancient and modern attitudes toward sex, prostitution, romance, rape, warfare, death and sin, and more. Tracing these concepts to their prepatriarchal origins, Barbara G. Walker explores a "thousand hidden pockets of history and custom in addition to the valuable material recovered by archaeologists, orientalists, and other scholars." Not only a compendium of fascinating lore and scholarship, The Woman's Encyclopedia is a revolutionary book that offers a rare opportunity for both women and men to see our cultural heritage in a fresh light, and draw upon the past for a more humane future.

**The Mythology of Sex** May 07 2020 Explores cultural myths, how they reflect attitudes toward sexuality, and how these attitudes have changed over time

**Uncovering Greek Mythology** Jan 03 2020 Get to know the Greek gods and goddesses, from the mighty Zeus, to the temperamental Poseidon, the beautiful Aphrodite, and every character from A to Z. Who were the Olympians, and where did they come from? Why were the Titans overthrown? How did these and other mythology tales shape Greek culture and civilization? Scholars have long been fascinated by the Greeks, and even today we are entertained by the stories of their mythology and pantheon. The Greeks developed an entire religion around powerful, vengeful gods, benevolent yet fierce goddesses, and bizarre couplings that created some of the strangest creatures in the world's mythologies. Who wouldn't want to hear about Zeus and his command of lightning, Hades and how he found his bride, the wisdom of Athena, and so many other stories that capture the imagination. These stories can do more than just entertain; they can also inspire and teach us lessons that were penned by the Greeks themselves. Starting with the creation myth, this book will take you through the stories of the Titans, introduce the Olympians, bring in the demigods, and sneak a peek at the monsters that made up the mythology. You'll learn who all the gods and goddesses were in relation to one another, mythological explanations for natural events, and why any of this still matters today. In addition, you'll discover: The

names, powers, and significance of all the major Greek gods and goddesses Rich stories based around the Greek pantheon Moral lessons and cultural values important to the Greeks, preserved in their mythology A brief history of Greek civilization and how they worshipped their gods and goddesses Creatures of Greek mythology that still feature in modern tales today And so much more Greek history! Up on Mount Olympus, along the shores of the Mediterranean, and deep in the Underworld, gods, goddesses, demigods, and creatures linger in the mind and stories of an ancient culture. This culture gave us science, philosophy, and a rich mythology that never stops enticing us. To appreciate the power of their stories for yourself and become absorbed in a world so like and yet unlike our own, click "add to cart."

**Treasury of Greek Mythology** Apr 29 2022 School Library Journal Best Books of 2011 Eureka! Silver Honor Books—California Reading Association Capitol Choices 2012 list of Noteworthy Titles for Children and Teens 2012 Notable Children's Books—ALSC The new National Geographic Treasury of Greek Mythology offers timeless stories of Greek myths in a beautiful new volume. Brought to life with lyrical text by award-winning author Donna Jo Napoli and stunning artwork by award-winning illustrator Christina Balit, the tales of gods and goddesses such as Zeus, Aphrodite, Apollo, and Athena and heroes and monsters such as Helen of Troy, Perseus, and Medusa will fascinate and engage children's imaginations. National Geographic completes the book with embellishments of each story: sidebars for each god, goddess, hero, and monster link the myths to constellations, geography, history, and culture to help young readers connect the stories to real life events, people, and places. A family tree and a "cast of characters" profile page help make relationships between the characters clear, and a mapping feature adds to the fun and fascination. Resource notes and ample back matter directing readers to more information round out this luminous book. Sure to dazzle all those intrigued with the fantastic tales of Greek mythology and enchant new readers, this vibrant book will soon become a family keepsake. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commoncore](http://www.natgeoed.org/commoncore) for more information.

Myth, Meaning and Performance May 31 2022 The cultural and performative turns in social theory have enlivened sociology. For the first time these new developments are fully integrated into new approaches to the sociology of the arts in this important new book. Building on the established research into art worlds, what is interesting for the new sociology of the arts, understood in the broad sense to include popular culture as well the classical focus on music, painting, and literature, is the relationship between art works and meaning, myth, and performance. Also reflected in these rich essays, which range from Beethoven to John Lennon to Chinese avant garde artists, is the lived experience of the artist and its impact on the process of creation and innovation.

**Regeneration Through Violence** Apr 17 2021 Originally published: Middletown, Conn.: Wesleyan University Press, 1973.

50 Great Myths of Popular Psychology May 19 2021 50 Great Myths of Popular Psychology uses popular myths as a vehicle for helping students and laypersons to distinguish science from pseudoscience. Uses common myths as a vehicle for exploring how to distinguish factual from fictional claims in popular psychology Explores topics that readers will relate to, but often misunderstand, such as 'opposites attract', 'people use only 10% of their brains', and 'handwriting reveals your personality' Provides a 'mythbusting kit' for evaluating folk psychology claims in everyday life Teaches essential critical thinking skills

through detailed discussions of each myth Includes over 200 additional psychological myths for readers to explore Contains an Appendix of useful Web Sites for examining psychological myths Features a postscript of remarkable psychological findings that sound like myths but that are true Engaging and accessible writing style that appeals to students and lay readers alike

**Oedipus: Myth and Complex** Jun 07 2020 From the Introduction: In this volume Patrick Mullahy approaches the familiar problem of the Oedipus complex in an unfamiliar way. For the first time, Sophocles' Oedipus trilogy is published together with the various psychoanalytic interpretations of the Oedipus myth in one volume. That such an approach is new may seem surprising, since a thorough knowledge of the myth should be the premise for all interpretations. The reasons for the peculiar dissociation between the myth and the complex can be found in our general attitude toward myths. In the last century knowledge of Greek mythology was essential to being an educated person. People studied it and admired it. They interpreted it in a variety of ways-historically, philosophically or esthetically but hardly anyone thought of the possibility that the myth could have any connection with oneself and one's life here and now. With an increasing tendency not to bother with things which were not "practical," the Greek myth was relegated to a marginal area of superfluous and useless information. Then came a revival of just one Greek myth-that of Oedipus-because of the use one could make of it in psychotherapy. Oedipus returned through a back door, as it were.--page i.

*Jung and the Jungians on Myth* Jul 01 2022 In this book Steven Walker carefully leads the reader through the fundamentals of the psychology that underlies Jung's theory of myth. He defines key terms and distinguishes dream from fantasy in psychological experience. He then traces the lineage of Jungian theory from Jung through such disciples as Van Franz and Neumann to contemporary archetypal psychology. By applying Jungian psychology to an array of myths to illustrate core concepts of this theoretical tradition, Walker fills a conspicuous gap in the current literature on Jung. --from back cover.

Pathways to Bliss Aug 02 2022 Explore myth as a tool for personal growth and transformation Joseph Campbell famously defined myth as "other people's religion." But he also said that one of the basic functions of myth is to help each individual through the journey of life, providing a sort of travel guide or map to reach fulfillment — or, as he called it, bliss. For Campbell, many of the world's most powerful myths support the individual's heroic path toward bliss. In *Pathways to Bliss*, Campbell examines this personal, psychological side of myth. Like his classic best-selling books *Myths to Live By* and *The Power of Myth*, *Pathways to Bliss* draws from Campbell's popular lectures and dialogues, which highlight his remarkable storytelling and ability to apply the larger themes of world mythology to personal growth and the quest for transformation. Here he anchors mythology's symbolic wisdom to the individual, applying the most poetic mythical metaphors to the challenges of our daily lives. Campbell dwells on life's important questions. Combining cross-cultural stories with the teachings of modern psychology, he examines the ways in which our myths shape and enrich our lives and shows how myth can help each of us truly identify and follow our bliss.

*Pathways to Bliss* Mar 29 2022 Joseph Campbell famously defined myth as "other people's religion." But he also said that one of the basic functions of myth is to help each individual through the journey of life, providing a sort of travel guide or map to reach fulfillment - or, as he called it, bliss. For Campbell, many of the world's most powerful myths support the

individual's heroic path toward bliss. In *Pathways to Bliss*, Campbell examines this personal, psychological side of myth. Like his classic bestselling books *Myths to Live By* and *The Power of Myth*, *Pathways to Bliss* draws from Campbell's popular lectures and dialogues, which highlight his remarkable storytelling and ability to apply the larger themes of world mythology to personal growth and the quest for transformation. Here he anchors mythology's symbolic wisdom to the individual, applying the most poetic mythical metaphors to the challenges of our daily lives. Campbell dwells on life's important questions. Combining cross-cultural stories with the teachings of modern psychology, he examines the ways in which our myths shape and enrich our lives. He explores the many insights of Carl Jung; the notion of self as the hero; and how East and West differ in their approaches to the ego. The book also includes an extensive question-and-answer session that ranges from mythological readings of the Bible to how the Hero's Journey unfolds for women. With his usual wit and insight, Campbell draws connections between ancient symbols and modern art, schizophrenia and the Hero's Journey. Along the way, he shows how myth can help each of us truly identify and follow our bliss.

**The Myth of Progress** Oct 04 2022 A provocative critique of Western progress from a scientific perspective
