comics, television series, games and toys Provides serious explorations into the deeper meaning of George Lucas's philosophically rich creation Topics explored include the moral code of bounty-hunter favourite Boba Fett, Stoicism and the Jedi Order, the nature of the Dark Side, Anakin and Achilles in a nihilism face-off, feminism and being chained to a giant slug, cloning, de-extinction, fatherhood, Wookiees, loyalty, betrayal, guardians, republics, tyrants, terrorism, civic duty, friendship, family, and more! Publishing in time for the global release of Star Wars Episode VII: The Force Awakens on December 18, 2015 – hotly anticipated to become the first film to top \$3 billion in worldwide box office sales

The Making of Star Wars Mar 01 2020 George Lucas spent nearly ten years bringing his dream project to life: a ground-breaking space fantasy movie. Its original title: *The Star Wars*. The rest is history. Yet its production is a story as entertaining and exciting as the movie itself. Now, recounted in the words of those who were there, it is finally being told, for the first time. Between 1975 and 1978, over fifty interviews were conducted with key members of cast and crew - George Lucas, Mark Hamill, Harrison Ford, Carrie Fisher, Anthony Daniels, composer John Williams, legendary production designer John Barry amongst many others. Remarkably, these candid and revelatory interviews have sat, undisturbed, in the Lucasfilm Archives for three decades. Until now. Using his unprecedented access to the archives and this treasure trove of never-before-published 'lost' interviews, photographs, production notes, factoids and anecdotes, J.W. Rinzler hurtles back in time for a definitive look at the genesis of a cinematic legend. A true story of human endeavour and creativity, *The Making of Star Wars* reveals exactly what it took to produce one of the most outstanding and innovative films of all time.

The Art of War Sep 18 2021 *The Art of War* is the earliest known treatise on war and military strategy in the world. It is a systematic guide to strategy and tactics for common men, business leaders, rulers and commanders. It is regarded as one of the most influential philosophical works of Ancient China. Sun Tzu's teachings are brief yet elegant, simple yet philosophical and exceedingly pragmatic. The book has recently been endlessly reinterpreted, reinvented, and imitated. Sun Tzu was a Chinese military strategist, Taoist philosopher and general in the 6th century BCE. His insistence on the close relationship between political considerations and military policy greatly influenced many modern leaders and strategists, including Henry Kissinger. This deluxe edition covers *The Art of War* in three parts. Part 1 presents the best selling and most authentic translation of Sun Tzu so far, the translation of Lionel Giles. Part 2 includes an extensive introduction to the book written by Giles which focuses, among others, on the historical context of Sun Tzu's text, Sun Tzu's life and work, contemporary scholarship on Sun Tzu, and Sun Tzu's thoughts on war and violence. Part 3 includes summaries of all 13 chapters of the book, a brief history of ancient Chinese military before and after Sun Tzu, review questions for learners, a recommended bibliography of modern critical appreciations for further reading.

Conquistador in Chains Dec 22 2021 The current image of the Spanish conquest of America and of the conquistadores who carried it out is one of destruction and oppression. One conquistador does not fit that image, however. A life-changing adventure led Cabeza de Vaca to seek a different kind of conquest, one that would be just and humane, true to Spanish religion and law, but one that safeguarded liberty and justice for the Indians of the New World. His use of the skills learned from his experiences with the Indians of North America did not always help him in understanding and managing the Indians of South America, and too many of the Spanish settlers in the Rio de la Plata Province found that his policies threatened their own interests and relations with the Indians. Eventually many of those Spaniards joined a conspiracy that removed him from power and returned him to Spain in chains. That Cabeza de Vaca was overthrown is not surprising. His ideas and policies opposed the self-interest of most of the first Spaniards who had come to America. What is amazing is that he was able to inspire and hold support among many others in America, who remained loyal to him during his time in prison and after his return to Spain.

The World According to Star Wars Oct 08 2020 NEW YORK TIMES BESTSELLER #1 Washington Post Bestseller There's Santa Claus, Shakespeare, Mickey Mouse, the Bible, and then there's Star Wars. Nothing quite compares to sitting down with a young child and hearing the sound of John Williams's score as those beloved golden letters fill the screen. In this fun, erudite, and often moving book, Cass R. Sunstein explores the lessons of Star Wars as they relate to childhood, fathers, the Dark Side, rebellion, and redemption. As it turns out, Star Wars also has a lot to teach us about constitutional law, economics, and political uprisings. In rich detail, Sunstein tells the story of the films' wildly unanticipated success and explores why some things succeed while others fail. Ultimately, Sunstein argues, Star Wars is about freedom of choice and our never-ending ability to make the right decision when the chips are down. Written with buoyant prose and considerable heart, *The World According to Star Wars* shines a bright new light on the most beloved story of our time.
